Attachment I – Follow-Up Plan to Results of PHAS Residents Satisfaction Survey

The results from the Resident Satisfaction Survey completed during 2002 indicated that there seems to have been concern on the part of some of the residents regarding their feeling safe, due to the lighting. As a result of these concerns, the management has taken prepared plans to upgrade the current exterior lighting. These plans include changing the existing fixtures to ones that illuminate the parking areas better, as well as installation of additional fixtures in places that previously did not benefit from the existing lighting.

The improvements to the exterior lighting will be done during the spring of 2003.
