ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Housing Authority has developed this plan in conjunction with the resident advisory board, residents, local government officials, the general public and the board of commissioners. The plan has been publicly advertised and made available for public review. A public hearing was conducted at which time the board received public comments, reviewed the plan, and approved the plan for submission to the department of housing and urban development. This authority is a PHAS high performer and therefore this is a streamlined submission.

The Housing Authority expanded on those goals and objectives and quantified them in the strategies section. The plan provides statements on low and very low income housing needs including elderly and disabled, financial resources available and planned uses, policies that govern eligibility, selection, and admissions including preferences and deconcentration, maintaining waiting lists, rent determination, capital needs, demolition and disposition plans, safety and crime prevention measures. There also are statements concerning civil rights, American Disabilities Act, Section 504, fair housing, and the most recent fiscal audit. All resident comments during the development of the plan are recorded and on file at the authority available for review.

All areas covered by the authority are subject to consistency with the state of Mississippi consolidated plan. There are no entitlement cities within our region.

Criteria for Substantial Deviation and Significant Amendments

1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

The Housing Authority does recognize the need for public notification for items contained within the 5-Year and Annual Plans. This authority shall make proper notification for any Substantial Deviations from these plans as required under law. The exception to this definition is if the change has been made to meet regulatory compliance with The U.S. Department of Housing and Urban Development requirements. Substantial deviation or Significant amendment or Modification shall mean those of the mission statement, goals and objective, capital fund program or changes in significant expenditures. And changes in statutory requirement for administration of Public Housing requiring public comment and/or public hearing.

B. Significant Amendment or Modification to the Annual Plan

A Significant Amendment or Modification to the Annual Plan shall be construed to mean the following:

- Changes to rent or admissions policies or organization of the waiting list;
- Additions of non-emergency work items not currently included in the Annual Statement or the 5-Year Action Plan or changes in use of replacement reserve funds under the Capitol Fund;
- Additions of new activities not included in any current PHDEP Plan;
- Any changes with regard to demolition or disposition, designation, homeownership programs or conversion activities.

These issues, if required, shall be raised with proper public notification. The Housing Authority acknowledges that an exception will be made by HUD to comply with the above changes that are adopted to reflect changes in HUD regulatory requirements: such changes will not be considered significant amendments by HUD.

REAC FOLLOW-UP PLAN

The Housing Authority recently received its Resident Assessment from REAC. The assessment indicated follow-up action to increase the average score in the areas of neighborhood appearance, communication and safety. While the Housing Authority is making every effort to meet the requirements, we have developed an action plan to improve the above ratings as follows:

- Establish systems to monitor and evaluate communication, safety and neighborhood appearance on a daily basis;
- Conduct quarterly meetings with resident on issues regarding the above and the receiving of suggestions and recommendations;
- Daily inspection of grounds and buildings; and
- Planning sessions for improvements with Resident Advisory Board and Staff.

Communication

The PHA is meeting with the RAB and Residents on a regular basis to improve communications between PHA and Residents. During these regularly scheduled

meetings, residents concerns are being addressed, residents are informed of planned renovations, and residents are encouraged to become involved and provide input in policy development. Residents are notified of these meeting by flyers/letters placed in doors and will be placed property bulletin boards.

Safety

The PHA has instituted means for tracking crime and crime related activities by developments. Residents and PHA report all criminal activity to the local police department. Currently, the PHA is installing security lighting in all developments and all lighting in common areas is checked weekly to ensure they are working.

Neighborhood Appearance

The PHA has instituted a landscaping program which involves all developments to improve the overall appearance of such buildings. All PHA units are exterminated monthly and on an as needed basis.

The Follow-Up Plan activities has been implemented and certified.

Maintenance Plan

The Housing Authority has an adopted Maintenance Plan that contains rules, standards and policies governing maintenance and management of its public housing developments. The plan also includes a policy for the prevention and eradication of pest infestation, including cockroach. The Maintenance Plan is posted on the bulletin board and available for public review.

ATTACHMENT A

DECONCENTRATION POLICY

In an ongoing effort for the Housing Authority to meet or exceed the laws and regulations regarding public housing, a comprehensive Deconcentration Policy has been developed in order to comply with the Housing Quality and Work Responsibility Act of 1998 Section 513, as it applies to the Mississippi Regional Housing Authority No. VII.

INCOME MIX TARGETING:

This housing authority must ensure that within a given fiscal year, not less than forty percent (40%) of the public housing dwelling units shall be occupied by families whose incomes at the time of commencement of occupancy does not exceed thirty percent (30%) of the area median income.

PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES:

This housing authority may not concentration very low-income families, or those with relatively low incomes, in public housing units in certain projects or certain buildings within projects. There must, however remain at least forty percent (40%) of the families who are at or below thirty percent (30%) of the median area income. The Housing Authority must review the income and occupancy characteristics of the housing projects and the buildings of each project to ensure that a low-income concentration does not occur.

DECONCENTRATION:

It shall be the sole and exclusive right of the Housing Authority to move families from one dwelling unit to another as necessary or as vacancies warrant to reduce a concentration of a particular income level of families into any one building or complex. In contrast, the Housing Authority will also make every effort and attempt to maintain a consistent dwelling unit for every family and will only make moves necessary if there is no other alternative as determined by the Housing Authority.

This is to certify that The Mississippi Regional Housing Authority No. VII has reviewed each development operating as public housing; considered the implications of converting the public housing to tenant-based assistance ; and concluded that conversion may be inappropriate because removal of the developments would not meet the necessary conditions for voluntary conversion.

That the initial assessment indicated that 1) cost would be a factor; 2) the ability to occupy the developments; 3) cost and/ or workability of vouchers in the community and 4) other relevant factors that voluntary conversion may be inappropriate.

Component 10 (B) Voluntary Conversion Initial Assessments

- a. How many of the PHA’s developments are subject to the Required Initial Assessments? 5

- b. How many of the PHA’s developments are not subject to the Required Initial Assessments based on exemptions (e.g., elderly and/or disabled developments not general occupancy projects)? 0

- c. How many Assessments were conducted for the PHA’s covered developments? 1

- d. Identify PHA developments that may be appropriate for conversion based on the Required Initial Assessments:

Development Name	Number of Units
NONE	

- e. If the PHA has not completed the Required Initial Assessments, describe the status of these assessments. Completed

THEREFORE, the Housing Authority has determined that our developments are not appropriate for conversion based on the following reasons:

1. Conversion **would be** more expensive than continuing to operate the developments (or a portion of it) as public housing;
2. Conversion **would not** principally benefit residents of the public housing development to be converted and the community; and
3. Conversion **would** adversely affect the availability of affordable housing in the community.

The Housing Authority does not plan to demolish or dispose of any public housing units;

Public Housing developments accounts for a large percentage of the housing stock in the community and would effect the availability of affordable housing in the community; and

Conversion would not benefit the residents due to the limited housing stock in the community and the current programs/services being offered by the housing authority. Additionally, our public housing developments are equal to or above existing housing stock in the community;
