Pet Policy Summary

Prior to accepting a pet for residency, the resident must provide proof of the pet's good health and suitability under the standards set forth under the "Basic Guidelines" criteria. In addition, for the case of dogs and cats, proof of spays or neutering must be provided. The animal's licensing and vaccination record must be provided and renewed annually.

A list of common household pets will be permitted under defined criteria. Management upon request may approve other kinds of house pets. Under no circumstances shall any animals or pets that are considered a dangerous breed or species be allowed on the premises.

A pet deposit of \$350.00 shall be required for all pets consistent with Federal and State law. Management reserves the right to change the deposit amount consistent with federal guidelines at any time. Resident's liability for damages caused by the pet is not limited to the amount of the pet deposit and the resident will be required to reimburse the housing authority for the real cost of any and all damages caused by a pet where they exceed the amount of the pet deposit. All units occupied by a dog or cat will be fumigated upon being vacated at the resident's expense. Deposits will not be refunded until the resident has vacated the unit or the pet is verified as removed.

Any pet causing bodily injury to any resident, guest or staff member shall be immediately and permanently removed from the premises without prior notification at the resident's expense.

In the event that any pet owner violates the pet rules, management shall provide notice of such violation. After the resident has been notified that he/she is in violation of the pet rules and has failed to comply by removing the pet or providing documentation, the resident shall be served with a 30-day notice of intent to terminate the lease.

Community Service Summary

All residents were initially notified of the community service requirement in November of 2000. This was accomplished verbally and in writing when each resident signed their new lease, which included the Quality Housing and Work Responsibility Act of 1988 (QHWRA) requirements.

The Social Services Department of the Housing Authority was assigned the responsibility for placing all adult non-exempt public housing residents in one of the following areas of community service: 1) Boys and Girls Clubs, 2) COP-Neighborhood Watch program/Bus Patrol and/or 3) GED program.

Beginning with the May 2001 recertification, residents (including residents new to public housing) were notified of the housing authority's determination identifying the family members who are subject to the service requirement, and the family members who are exempt persons. Disabled family members were given an opportunity to self-declare exempt status as provided in QHWRA. Family members who are subject to the service requirement were provided with a program guidelines, policy and compliance agreement.

The placement letter identified the community service area, and the name, address and telephone of the program administrator who would track and monitor compliance. Individuals subject to the service requirements shall be referred to Social Service Coordinator, who will assist them in finding placement. Individuals can also find placement on their own, then notify the housing authority of the placement, including organization name, address, supervisor name, and telephone number.

The contact person selected shall provide the necessary documentation to verify participation of the individual. Annually, at recertification, verification shall be provided, giving the individual's name, contact date, agency placed with and number of hours completed.

If the head of household or a family members violates the service requirement, the housing agency shall terminate the lease upon expiration of the term unless a written agreement is entered into which the housing agency to cure such noncompliance.
