Attachment __F__ : Results of Second Year Activities and Progress Report

This Annual Plan is an update of the Five-Year Plan as adopted in 1999. All major components are covered in this Annual Plan for FYE 2003. Planned modernization work throughout all of the sites is disclosed and the attachments disclose results of the first year activities, major policies that have been adopted in accordance with HUD final rules, and resident board member status. The following policies have been updated: pet, capitalization, flat rents, substantial deviation, and community service. Other policies are under review and appropriate changes are being made based on the latest HUD regulations. The 2003 CFP is being planned.

The Amory Housing Authority is meeting its goals by:

- investigating discrimination complaints
- enforcing the Deconcentration Policy
- ensuring that the dwelling units meet housing quality standards
- giving preferences to families that are working
- implementing measures for income-mixing
- implementing and following the Capital Improvement Plan

Attachment __G__ : Substantial Deviation Policy

Policy Defining A Substantial Deviation and Change in the Agency Plan

The Housing Quality and Work Responsibility Act of 1998 requires the Housing Authority to notify the Resident Advisory Board, the Board of Commissioners and the U S Department of Housing and Urban Development of any “substantial deviation” or “significant amendment” in the Agency’s Annual Plan and in the 5-Year Plan proposed modernization and capital improvement activities that have been previously approved and reported to HUD.

The Housing Authority recognizes that it has a duty and responsibility to the residents, to the Resident Advisory Board, to the Commissioners and to the public to advise them of any substantial deviation or substantial change in the overall Plan and any preplanned modernization work items.

Therefore, the Housing Authority hereby defines a “substantial deviation” as any deletion or addition of any modernization work item that is greater than \$25,000; the addition or deletion of any new or old program or activity; any changes with regard to demolition, disposition, or designation of housing units; any homeownership programs or conversion activities; and any changes to rent or admission policies (except changes made to reflect changes in HUD regulatory requirements). A “significant amendment” would be changes in the use of replacement reserves under the Capital Funds program or the addition of non-emergency work items not included in the current Annual Plan that is greater than \$25,000.

The Executive Director is assigned the responsibility of making the required notifications to all interested and affected parties as described above of any “substantial deviation” or “significant amendment” to the Annual and Five-Year Plans as well as notification to the public of any material change, that is not defined above, that, in his or her opinion, should be made known to the public as good business practice.

Adopted this _____ day of _____, 2000

Attachment__H__: Implementation of Public Housing Resident Community Service Requirements

The Amory Housing Authority has suspended its enforcement of the 8-hour community service requirement after a 30-day notice on 5/30/02. The Housing Authority will not enforce this provision of our Admissions and Continued Occupancy Policy as long as Congress provides for the option to not enforce it.

Attachment __I__ : Pet Policy

The Housing Authority, after reviewing the changes that were needed to comply with the final rule of July 10, 2000, adopted the appropriate policy in the year 2000 to comply.

The Pet Policy is currently an addendum to the dwelling lease, and the PHA will be soon incorporating its provisions into the Admissions and Continued Occupancy Policy when it is updated.

The reasonable requirements include:

- Limitation on the number of pets,
- Evidence that the pet is neutered or spayed,
- Evidence of inoculation
- Under the control of an adult member of the household when outside the dwelling unit,
- Prohibits animals considered 'dangerous' by the housing authority,
- Requires a reasonable pet security deposit, and
- Prohibits breeding of pets for commercial purposes.

Attachment __J__: De-concentration

Component 3, (6) Deconcentration and Income Mixing

Attachment__M__: Voluntary Conversion Initial Assessment

The PHA Housing Authority has made an initial assessment on a Voluntary Conversion of Developments from Public Housing Stock: Required Initial Assessments@ as required by the final rule (Federal Register 66 FR 4476) published by the U S Department of Housing and Urban Development on June 22, 2001.

Based upon our consideration of such factors as modernization needs, operating costs, ability to occupy the developments, Fair Market Rents levels, availability of local rental housing that meets Housing Quality Standards, the waiting list of applicants for public housing units, and the costs of providing tenant-based vouchers versus costs of providing dwelling units, the Housing Authority has concluded that

- 1) conversion would be more expensive than continuing to operate the developments as public housing;
- 2) conversion would not principally benefit residents of the public housing developments to be converted and the community; and
- 3) conversion would adversely affect the availability of affordable housing in the community.

We made a common sense review of relevant factors for each covered development taking into account such factors as modernization needs, operating costs, ability to occupy the development, Fair Market Rent levels and workability of vouchers in the community (including the availability of rental housing in the community that meets Housing Quality Standards).

- a. How many of the PHA’s developments are subject to the Required Initial Assessments? **2**
- b. How many of the PHA’s developments are not subject to the Required Initial Assessments based on exemptions (e.g. elderly and/or disabled developments not general occupancy projects)? **2**
- c. How many Assessments were conducted for the PHA’s covered developments? **2**
- d. Identify PHA developments that may be appropriate for conversion based on the Required Initial Assessments:

Development Name	Number of Units
None	

- e. If the PHA has not completed the Required Initial Assessments, describe the status of these assessments: **Not Applicable**

Attachment__N__: Resident Satisfaction Follow-Up

The PHA Housing Authority was required to file a follow-up improvement plan for the year 2002 part of its Resident Assessment score.

Safety: The Amory PHA has a resident police officer who will perform some patrol activities. In addition, the Amory PHA is also working with the local police department to provide a safer atmosphere for all residents. Due to the response of the survey, the PHA will again notify the tenants of the resident police officer and his patrols. Please be reminded that the Amory Housing Authority was only less than 2% off the national average.

Attachment__O__: Resident Police Officer

The Housing Authority has received support from the residents of the Authority to offer a dwelling unit to a police officer. The Authority would make available a dwelling unit to a police officer, at the operating cost of the unit (this would be the rental value), and the police officer would perform periodic patrol service of the project sites.

This would assist the Housing Authority in its efforts to provide a safer neighborhood environment to the residents and would, hopefully, reduce the minor crime and mischievous activity that occurs in the neighborhoods.

The Housing Authority thinks that it can work with the City of Amory's police department in acquiring a police officer to rent and reside in a dwelling unit.
