Robeson County Housing Authority

Income Targeting and Tenant Selection and Assignment

(Section -513)

The primary goals of this policy are:

- 1- Prohibition of concentration of low-income families in public housing and
- 2- Income targeting.

The Robeson County Housing Authority may not concentrate very low-income families in public housing units in certain public housing projects or certain buildings within projects. The Robeson County Housing Authority will submit with its annual PHA plan an admission policy designed to provide for deconcentration of poverty and income mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. The Robeson County Housing Authority may offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes. The skipping of a family on the waiting list to reach another family to implement deconcentration will be utilized as permitted by HUD.

Not less than 40% of new families will have incomes at or below 30% of the area median income.

Other admissions will be at or below 80% of the area median income.

Fundability will be allowed only to the extent that relatively higher income families move into public housing units in census tracts having a poverty rate of at least 30%.

This Income Targeting and Tenant Selection and Assignment Policy is in accordance with the Summary of the Q.H.W.R.A. of 1998 as prepared by the Office of Policy, Program and Legislation Initiatives and is established for the Robeson County Housing Authority, by action of the Board of Commissioners.

Robeson County Housing Authority Policy for the Implementation of Community Service and Self-Sufficiency Requirements

Authority, to meet the Community Service requirements, offers the Public Housing Resident an opportunity to contribute to the community that supports The Robeson County Housing them.

The community service opportunities, or locations, will include but are not limited to: within the jurisdiction; activities to improve the physical environment of the resident's development; volunteer work in local schools, hospitals, child care centers or approved non-profit social service agencies. No resident will perform community service with any political affiliation or activities.

The PHA can administer its own community service program, form cooperative relationship with other entities in order to make opportunities available for residents, or contract the entire community service program to a third party. The PHA retains full authority and responsibility to assure contract compliance, should the program be contracted to a third party. Should a for-profit, third party be utilized, the PHA should ensure that the administration that oversees the program does not have a financial interest in the entity, where community service participants are assigned.

The PHA will, to the extent possible, attempt to ensure that the conditions under which the work is to be performed are not otherwise hazardous, that the work is not labor that would be performed by the PHA's employees responsible for essential maintenance and property service, or that the work is otherwise unacceptable.

Self-sufficiency program activities may, if acceptable, be substituted for the community service requirements.
