### **Progress Statement of 5 -Year PHA Plan Mission and Goals**

#### **Mission and Goals**

The Orange County Housing and Community Development Department continues to operate under the guidance of the mission of the U.S. Department of Housing and Urban Development. That mission is to promote adequate and affordable, economic opportunity and a suitable living environment free from discrimination. Further, notable progress has been made to achieve the goals delineated in the agency's five -year plan. A brief statement regarding this progress follows.

The agency continues to try to expand the program by acquiring new housing choice vouchers. An application for new vouchers was submitted to the Department in April 2002 and we have not had an official response at this time. Further, efforts to expand the program by increasing the landlord participation pool have been hampered by our lack of available vouchers. The lack of available vouchers has also affected our plan to complete a home ownership design. Given the demographics and needs of the rental population and the high house prices in Orange County, after some conversation with local housing advocates and advisory boards, there appears to be a need for additional discussion of participating in a Homeownership Program.

Lastly, continuous efforts are being made to continue to be an efficient, high performing agency through the use of technology and standardization.

#### **Section 8 Homeownership Program Capacity Statement**

The Orange County Housing and Community Development Department plans to develop a Homeownership Program in future years. At that time, we will incorporate into our Administrative Plan that, at a minimum, the homeowner downpayment requirement is at least 3 percent and require that at least one percent of the downpayment come from the family resources.
