ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The year 2003 will mark the 4th year in our planning process for the Housing Authority of Cass County. With the assistance of our residents, management staff and Board, we are submitting this plan for the coming year.

An important part to the planning process is to look back at our goals and determine if we met those goals. First, on the Section 8 side, we set a goal to apply for additional funding when it came available. We have made two applications for funding. One, through the Fair Share NOFA and the other through the use of Reallocated Baseline Vouchers. This is important for the Housing Authority as our waiting list has exceeded 387 eligible families. It has never been longer. We were informed that we did not get funded for the fair share allocation. This past year, we exceeded 100% utilization for our Section 8 Program. It is our conclusion that we achieved our goals for the Section 8 Program. The need for additional Section 8 funding has never been greater due to the demand on this project caused by the migration of people into Cass County. Acquiring additional funding and full utilization will continue to be a high priority for the Section 8 Voucher Program this coming year.

Next, looking at public housing, it was a goal to modernize our public housing units by using the capital fund. We have fully expended our 2001 capital funds and have plans to fully obligate our 2002 funding. By using the HOME program, we were able to help 181 families pay their security deposits this past year. The success of this program has been overwhelming and has been very well received by the communities which we serve. We continue our efforts to ensure equal opportunity in housing by attending workshops and by the use of outreach to those families less likely to apply for housing. Our relationship with local law enforcement agencies continues to be very strong and supportive. We feel that this is important in providing a safe environment for all of our residents. Because of the size of this authority, we feel that it is important for us to continue helping smaller housing authorities in our State by answering questions, training, and providing technical assistance.

Improving our unit turnaround and reducing vacancies in our public housing units continues to be goal for this authority. We have amended our dwelling lease and policies to accommodate an improvement in this area. We will continue to monitor this goal on a regular basis to determine how we can improve our position.
