ii. Executive Summary

With the assistance of Board of Commissioners, our participants and the administrative staff of the Housing Authority, we have assembled the Housing Authority of Pembina County's Annual Plan. The Plan addresses all of the statutory components as required by the Department of Housing & Urban Development (HUD). In keeping with its mission, the Housing Authority will work towards fully utilizing all funding available to the Authority so as to maximize the results in an environment of limited funding. This Plan was assembled using the most current information available from MTCS, the U.S. Census Bureau, CHAS and the North Dakota Consolidated Plan for Pembina County and does not reflect any changes of availability of funding by HUD.

This Plan required that we take a detailed look at the Housing Authority and determine where we are, where we want to be and how we are going to get there. The results of this authority wide analysis were not surprising, as we have addressed many of the components in the past. Pembina County Housing Authority's Annual and Five Year Plans are consistent with the North Dakota Consolidated Plan.

Two conclusions can be drawn from the results of the analysis. First, there is an immediate need for safe, affordable elderly and handicapped accessible housing units in Pembina County. Secondly, Pembina County Housing Authority will develop and maintain a network system throughout the County to assist tenant in identifying services available to meet their needs and provide crime-free and safe affordable housing.

The Pembina County Housing Authority will continue to strive to meet the housing needs of county residents by use of the local preferences. A definition of local preferences is as follows:

- Elderly, disabled applicants are first priority.
- Families are second priority.
- Singles are third priority.

Lastly, the Housing Authority of Pembina County will continue to do what we do best; providing safe, affordable housing to low income residents through the provision of financial assistance programs, supportive services, and effective management by informing these individuals of the services available to them.
