**D. Other Information Required by HUD**

**Re-submission of the  
Santa Fe Civic Housing Authority, Inc.  
Public Housing Drug Elimination Program  
FY 2001**

**WORK PLAN**

The SFCHA is in its last year of the Public Housing Drug Elimination Program (PHDEP) in its originally mandated form. Any further PHDEP funding will be incorporated into the HA's operations budget. To this end, the HA is endeavoring to re-work previous year's plan to be more responsive to its current drug eliminations needs. The funding amount received for this year's submission is \$113,264.00.

**SECURITY – (\$35,000 budgeted)**

It is the intention of the HA's to provide private security within the sites by hiring retired law enforcement who will live on site. PHDEP will be accomplished by providing law enforcement presence and act as a deterrent to crime activity. An additional duty of on site law enforcement is to coordinate activities with juvenile probation/parole and city police department enforcement activities.

**DATA BASE SET-UP – (\$5000 budgeted)**

The Ha proposes to prepare an infrastructure which will facilitate the provision of drug prevention/intervention services to its resident tenants. The data base will also serve to track progress achieved with its drug elimination efforts as well as serve as a general management tool.

The HA anticipates utilizing \$5000 of grant funds to be matched with \$5000 of operational funds to produce a data base which will be made available to its drug elimination partners. The HA's will produce and maintain the data base. Use of the data base will be through MOU with the partners. The confidential information data base will be made available to the partners for the purpose of identifying HA family households, tracking contacts, document incidents, list activities offered/provided to them..., tracking provided services, follow-up, loge measurements of the progress of drug elimination efforts. In addition this data will enable both juvenile and Adult Probation and Parole officers to ensure that their clients are not living in Public Housing units creating a non-compliance with the tenant leases.

The Santa Fe Public Schools are to participate as a partner providing truancy rates and grades of Public Housing youths.

**DRUG INTERVENTION /PREVENTION**

It is anticipated that drug intervention/prevention efforts will be delivered by first contacting and assessing all children as individuals and then the family as a house hold

for the purpose of determining risk/need levels. After analyzing the risk/need levels, the partners will move into the second phase of their drug intervention/prevention efforts which will include actual delivery of services to both youth groups and individual families.

**Assessment phase (\$10,000 budget)**

During the assessment phase, the HA intends for all residents (adults and children). The partners will conduct an assessment of all children to assess and determine their risk for exposure to drug activity and the level of need for intervention. They will work further to assess families to determine the household's needs as it relates to drug intervention /prevention. This will also serve to inform residents of services available to them and to determine the level of interest in the services available to them.

Upon completion of the assessment, an analysis will be made to determine the types of service and required levels to most effectively promote drug elimination goals.

**Services Provision Phase (\$63,264 – budgeted)**

It is anticipated that the type of services that will be contracted for based upon the assessment could be (but not limited to):

**Children:**

Literacy programs  
Arts  
SMART Moves by Boys & Girls Club  
Gang Intervention  
Boys and Girls Club Membership as well as transportation
