ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Amsterdam Housing Authority has developed a plan that is comprehensive and will enable us to continue to provide our residents with affordable and safe housing. The plan is designed to continue to make our residents the overwhelming priority for housing authority staff.

A few of the more notable portions of the plan are: The continuation of our aggressive screening procedure, including criminal background checks, credit reports, home visits and landlord references. The Section 8 program will continue to screen applicants to the fullest extent possible in an effort to enhance the landlord's ability to rent to tenants who will be good neighbors. The screening process meets or exceeds all fair housing requirements. We will continue to use FMR's as our payment standard for the Section 8 program.

All services, including the police patrols and after-school and summer programs, will be provided under PHDEP.

The Family Self-Sufficiency program has met its goal of fifteen participants.

AMSTERDAM HOUSING AUTHORITY
PROGRESS IN MEETING 5-YEAR PLAN MISSION AND GOALS

The Amsterdam Housing Authority met or surpassed all of the goals in last year's plan.

The Amsterdam Housing Authority continues to follow the Capital Fund Program five-year plan. The plan has been revised yearly to include all new work items. As of this date all work items have been completed on schedule. All of the open Capital Fund Grants have been obligated and expended within HUD guidelines.

The Authority's maintenance department is still in the process of revising its maintenance plan to fit the needs of the Public Housing Assessment System. Although this Authority has received a high-performer status in the PHAS inspections, we will continue to work to maintain that position in the future.

The conventional Housing Program at AHA is maintaining the enrollment of its Family Self-Sufficiency Program participants. Over the past year there has been an average of 15 active participants among our family residents. A computer center was opened in our High Rise apartment building which is open to all senior tenants enabling them to have access to the Internet. In order to screen applicants for public housing more effectively, occupancy staff has intensified its efforts in completing home inspections for tenants-to-be. The "Welcome Home Visit" has also been implemented which means that an occupancy staff member visits each resident two or three months after they move in. This sets the tone that the Housing Authority cares, welcomes their comments/questions about life at AHA, and wants them to be comfortable in their new home. It also enables us to detect any possible problems with housekeeping, safety, etc., before they get out of hand.

The Section 8 Rental Assistance Program has an extremely active Family Self-Sufficiency Program. The program has a minimum size of fifty-five for Housing Choice Voucher participants. Currently, 53 participants are enrolled in the program of which 29 families have funds deposited in their escrow account on a monthly basis. Several of our recent program graduates have received substantial amounts of money from the savings in their escrow accounts. Some graduates have used their escrow money to purchase cars and some have even used their escrow money toward the down payment on a home. We are pleased with the success of this program and will continue to encourage families to participate.

Since the 1999 lead based paint regulations went into effect and the Amsterdam Housing Authority implemented policies enforcing these regulations, there has been a noticeable decline in the number of participating children who tested positive with elevated blood levels. It is our belief that this decline can be attributed to the fact that safe work practices are being used by the landlords who have taken the mandatory lead safe training course and have learned the proper procedures for treating lead paint hazards.

The Amsterdam Housing Authority Section 8 staff is continuously striving to improve the services that are offered to program participants. We are committed to providing the very low-income families in our community with affordable housing that is decent, safe and sanitary.

We have a commitment to ensuring equal opportunity and fair housing. We continue to provide access to quality affordable housing. We also engage in various outreach efforts to promote the availability of accessible housing within the City of Amsterdam.
