The 2000 census numbers clearly indicate that there were 15,175 (**Table A Template**) families below the 50% of far eamed median income within our program area, and another 41,556 below 50% median within the city of Rochester. The Monroe County CHAS (County Housing Assistance Strategy) indicates the need for new units for families. It points out that since 1980 no new low income rental units for families have been built in suburban Monroe County, and that there is near zero vacancy rate and long waiting lists for the existing low income units built before 1980. In addition, many of the existing low income projects have minimum income levels above 50% median income. Therefore, these numbers clearly and definitively demonstrate the need for Section 8 in this area.

Financial Resources :

The PHA for Fiscal year 2002 received Tenant based grants amounting to 1,447,583. Estimate that FY 2003 funding will be slightly higher due to new incremental units received. In addition, the PHA estimates other miscellaneous income and fraud recovery receipts will total 1,500 for FY 2003. There are no other Federal Grants available to this agency. However, the Fairport Industrial development Agency provides financial backing in a form of a temporary loan up to \$50,000 to the Fairport Section 8 Program. This helps avoid any disruptions in the Program's income stream.

(The PHA also has 199,892 in operating reserves, which could be used toward the Voucher program).

HomeownershipProgram :

At present the PHA does not operate a Homeownership program either under Section 8(y) or under Section 5(h). The agency has reviewed the final rule and the comments received from the Resident Advisory Board.

It is the opinion of the PHA that the program would not be significantly successful at this time due to local factors (e.g. tight real estate market). In addition, administering homeownership as required under the final rule is difficult and time consuming. The mandatory counseling program alone, with its nine different topics, will be costly to run, and with no additional fee to pay for these very real administrative costs would make administering this program prohibitive.

However, the agency will reevaluate the program on an annual basis. Between annual reviews the agency will look for ways to lower costs (e.g. partnerships with other Homeownership programs) for future implementation.

Civil Rights Certification:

The Fairport Urban Renewal Agency as Housing Authority will comply and conform to Agency plans with title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975, The Fair Housing Act, section 504 of the Rehabilitation Act of 1973, and title II of the Americans and Disabilities Act of 1990. In addition the PHA affirms that it has implemented reasonable initiatives within its jurisdiction to further Fair Housing.

Community Service and Self-Sufficiency:

Analysis of impediments within this jurisdiction clearly shows that Fair Housing choice in regard to mobility and economic independence remains an overall problem. It has been and continues to be a top priority of the PHA to promote self-sufficiency and economic independence. For many years - even before the FSS program was created - the PHA has administered an Operation Bootstrap Program, in fact the agency still continues to give a family a preference for waiting list purposes. At present the PHA has 7 families participating in its Self-Sufficiency Program. Of these families, 3 have established escrow accounts. The FSS Action Plan is available for public review at the PHA administrative office.

Recent Audit:

The Fairport Section 8 program was audited in November 2002 for fiscal year ended September 30th 2002. There are no findings (Auditors' letter available for public review) or outstanding issues to be resolved.

Project Based Vouchers :

In accordance with CFR part 983 as modified by Section 232 of the Appropriations Act. The PHA has reserved 10 units of tenant based assistance for Project based assistance.

The PHA has contracted with Crosman Limited Partnership and all 10 units have been rented. Policies related to Project Based assistance will be according to statutory changes of the Law and do not require agency discretion. However, some provisions of Appropriations Act require further rulemaking from HUD. The PHA will implement these new rules when completed.

Attachment A

Resident Advisory Board

The Fairport Housing Authority Resident Advisory Committee met on May 14, 2003 to review new proposed modifications to the agency's annual plan, and to review the agency progress with its established goals and objectives. The following is a list of comments received from members and staff:

- **Project based Vouchers**

Staff reported that 10 units of tenant based assistance was set aside and utilized at the Crosman project. Many of the members still did not fully understand the differences between the programs. Therefore, the staff explained the differences between project based assistance and tenant based. The entire committee agreed setting aside 10 units of tenant based assistance for project based assistance was a good use of program funds. They felt that there is not enough affordable rental property - especially for seniors - within the Village of Fairport, and this would increase the supply. Members also felt that 10 units taken out of the tenant based program is not significant to otherwise harm the program.

- **Homeownership Program**

Staff again reviewed the Homeownership Final Rule with the committee, and worked out a couple of scenarios for homeownership. It was the opinion of many of the members that

they hoped that the PHA would adopt some form of Homeownership program. Some members thought that the program as written was too regulated with not enough discretion given to local housing authorities to design their own programs based on local conditions.

- **Security Deposit Program**

Staff reported to the committee that 10,000 dollars has been set aside for the Security Deposit program and several Section 8 families have taken part. Under the program, the agency would pay up to a maximum of one half of the deposit. After some discussion the members thought that this is a good use of program funds and would allow more families to move. They also agreed with the staff that the tenants should pay at least one half of the deposits so that they maintain an interest in keeping the property in good condition.

- **Fraud Recovery Policy**

Staff and members of the board reviewed current PHA fraud recovery policies. Staff solicited committee comments if there should be any changes to current procedures. After much discussion the members felt that current policy is fair, balanced, and needs no adjustments.

- **Waiting List Administration**

Staff reported current waiting list numbers and reviewed with the members other related procedures. Staff indicated that due to some degree of our own success -high lease -uprate and fewer units to apply for, and an increased number of applicants the PHA might be forced to close the list. Some members wanted the waiting list to remain open even though it may take years for those now on the list to receive assistance. Others on the committee felt that the staff was in the best position to judge same.

- **Progress Report**

Staff reported to the committee that the PHA was well ahead of its planned goals and objectives as outlined in the 5 -Year Plan. First the agency has received 25 Fair Share Vouchers (FY02). The PHA has received 86% of the planned 100 new vouchers. Secondly, the agency has maintained -even with the new units received -utilization rate of well over the planned 95%.

Last fiscal year ending 9/30/2002, the PHA achieved a 100% lease -update.

Finally, the agency has prioritized integration of its voucher program assistance for very low -income families outside typical low -income projects. And has established a goal of renting up to 70% of the total program to non -subsidized units. The agency has been able -even with conflicting program regulations -to maintain a 57.9% lease -update of non -subsidized units. However, this number has been eroding over the last two years.

Resident Advisory Board comments continue

The committee agreed with the proposed changes to the Agency's annual plan for fiscal year 2003 (beginning 10/1/03), and felt that it should be adopted as presented. The Board also thanked the staff for its' hard work in securing affordable housing for low-income families in this area.
