There should be a limit on the number of families that can be helped by the program			
3. Quality of Service	35	2	0
The quality of service provided by your staff is acceptable and there is no need to improve service.			
4. Self -Sufficiency	37	0	0
Promoting self -sufficiency by increasing the			

percentage of employed persons in the program, providing supportive services to assist tenants in gaining employment, and attracting supportive services to increase independence for the elderly or families with disabilities should be goals of the program.

5. Fair Housing 37 0 0

Staff should take extra measures to ensure access to assisted housing regardless of race, color, religion, national origin, sex, familial status, or disability.

6. Preferences 26 11 0

In providing assistance to applicants, preferences should be given to residents of the community, the elderly, and the disabled.

7. Home Ownership 29 7 1

Considerations should be given to allowing Section 8 tenants to use rental subsidies to purchase the house they rent, another house they wish to purchase, or to build a new house.

8. Comments made by Members:

Program Mission

- I have mailed out 20 resumes to classified jobs with no reply. I am the working poor.
- The program is definitely needed by low -income people.
- Also our military veterans' families.
- Find some places that are on the floor.
- The statement says it all.
- Not if it means apartment complexes - they are noisy crowded and too many dirty people. It takes away your privacy.

Program Size

- Yes, to the disabled, working poor and the low income who are really in need.
- Today there are so many families losing their jobs.
- Depending on financial aid available, some people should be put on a waiting list, but none should be turned away, with no hope.
- How would you determine one over another?
- In this day and age there are more elderly and disabled. How can you possibly limit who gets or doesn't get help?
- With today's high unemployment this is a great injustice, particularly to young families. Our central New York winters don't allow for a quota system for housing.
- I believe that anybody that is working and trying should be able to qualify, unless disabled.
- This would only lead to more homeless.

- I don't think so. Everyone needs a roof over their head.
- Allow -income people need help.
- As long as the program is not abused.
- More services could be available to better living standards.
- Not if they qualify.

Quality of Service

- Some people should have more background checks.
- I have always been treated fairly and kindly.
- Workers could be less cold feeling and more considerate of feelings of people needing help. People did not ask to be in their present situation. They feel bad enough already.
- My contact person is very kind and patient.
- Always very pleasant and patient.
- An excellent worker and always on time.
- I have had good service.
- Excellent service.
- Too many cases, not enough workers to give proper service.

Self -Sufficiency

- Yes, but central New York is considered to be one of the poorest economic areas – who can live today on \$6.00 an hour?
- People that are capable.
- Some employed people still can't afford decent housing.
- If they want to work or are able, fine. But this would have a door open to end help for people who need it because certain guidelines might be too strict to cut off people who need the help and cannot work.
- Other agencies focus their efforts in these areas and I feel this would be duplication. Keep Section 8 program separate for housing.
- Everybody can't find a job between Burger King and Mickey D's. I don't think so. I am going to school and on unemployment because I got laid off. So I am trying to upskill my education.
- If they are of age and able to work.

Fair Housing

- All that stuff doesn't matter.
- It doesn't matter. Racism should stop. We all bleed the same color of blood.
- Illegal immigrants should not be eligible. Illegal is illegal.
- Help all.
- Color and race are only skin deep. People should be treated equally. Everyone deserves to live in a safe, efficient environment.

Preferences

- In providing assistance to applicants, preferences should be given to young families, the elderly, the disabled, wounded veterans, and reserves with combat duty.
- Most places, like North Syracuse, have their own housing authority.

Home Ownership

- If they can afford to buy a house and are steady workers.
- I agree, but believe we should have a choice of buying or renting a home.
- It would give elderly and disabled something to take real pride in, having a place that is theirs.
- If they can't afford regular renting, they should not be able to afford to build a home.
- I would much rather have my own house.
- If that would help people feel self-satisfaction.

- Because everybody is not rich or well off, this program is good for first time home buyers.
- I agree for I would love to buy a house just so I wouldn't have to keep moving when rents rise.
- Each home user should be inspected to see if it is up to code and resaleable if foreclosure occurs.
- If funds are there so that other people are not shut out of help they need.
- If a person can afford to own a house, they should step down and give another person a chance.
- If they can afford to buy a home then I don't think they would be asking for help.
- If they can afford it.

Additional Comments

- I feel that Christopher Community is a great program, but being a mother of four I find it is hard to find a house that I can afford. I wish that I could be able to own my own home instead of renting. With having three daughters and one son they all need their own space. I feel sorry for my oldest daughter that she has to share a room with her little sister. If I could have the opportunity to own my own home I would work so hard to make my dreams and my four children's dreams come true.
- This is a great program. It's helped me and my family. Thank you.
- Good workers!
- This year your program has helped out myself and my son. And we greatly appreciate your help.
- Your staff and employers are very courteous and helpful.
- In the current economy, it is a better system if Federal funds for housing are maintained separately from other existing programs. Christopher Community should not become an item for some legislative committees to veto, or destroyed by mixing with the agency's services. Thank you and your staff for all the help they give those of us who are elderly.
- I know everyone in any race, color, sex needs help, but lately it seems that minorities get all help first and then the most help.
- Your program is wonderful and I am greatly glad for it. I wouldn't be able to afford to live without it. Thank you and I appreciate all your help.
- I think the waiting list rules should be changed and not be so long of a wait. Two to three years is a long wait for someone who really needs help right now.

Policies endorsed by the membership of the Resident Advisory Board will continue to be stressed in the Annual Plan. Because of the interest expressed by members of the Resident Advisory Board in a home ownership program, analysis of the viability of a home ownership program will continue during the Plan year to determine if such a program is affordable within the Village of Manlius Housing Agency Section 8 financial structure.
