- Maintain or increase section 8 lease rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease rates by effectively screening Section 8 applicants to increase owner acceptance of program

FY2003

**Adams Metropolitan Housing Authority
Manchester, Ohio**

Voluntary Conversion of Developments From Public Housing Stock; Required Initial Assessment

The Adams Metropolitan Housing Authority has conducted a required initial assessment, in accordance with 24CFR part 972, of its (four) Public Housing Developments. A required initial assessment was required because (1) the developments are not subject to required conversion under 24CFR part 971; (2) the developments are not the subject of an application for demolition or disposition that has not been approved by HUD; (3) HOPE VI revitalization grants have not been awarded for the developments; and (4) the developments are not designated for occupancy by the elderly and/or persons with disabilities (i.e., the general occupancy developments). yare

This is to certify that the Adams MHA has: (1) reviewed the developments' operation as public housing; (2) considered the implications of converting the public housing to tenant-based assistance; and (3) concluded that the conversion may be inappropriate because removal of the developments would not meet the necessary conditions for voluntary conversion described in paragraph (c) of 24CFR 972.200. That is, the Adams MHA has concluded that conversion: (1) may be more expensive than continuing to operate the developments as public housing; or (2) may not principally benefit the residents of the public housing developments to be converted and the community; or (3) may adversely affect the availability of affordable housing in the community. In addition, the Adams MHA has maintained documentation of the reasoning with respect to this required initial assessment.
