With regards to addressing the areas which contributed to a Standard rating, the Authority has targeted those physical inspection items identified by the REAC inspector in the 5 Year Capital Funds Program. The physical inspection findings were the single leading factor resulting in the Standard rating. The Authority also has hired a part-time person to clean the vacancies when they occur. In addition, a preventative maintenance plan has been put into place, and the housing inspectors have been trained to be more thorough. Items identified in the resident surveys have also been incorporated into the 5 Year Plan. One other item that contributed to a Standard rating was unit turnaround. The new part time maintenance person and the establishment of a new application process should result in an improvement in this area.

Progress in Meeting the 5-Year Plan Mission and Goals

Our Mission is: *to assist low income families with safe, decent, and affordable housing opportunities as they strive to achieve self-sufficiency and improve the quality of their lives. The Housing Authority is committed to operating in an efficient, ethical and professional manner. We have been and will continue to support our mission.*

The following describe our goals and objectives and our progress:

Goal One: Expand the supply of assisted housing by reducing vacancies 15%. In light of this goal, we are seeking permission to rent 2 bedroom units to single applicants.

Goal Two: Improve the quality of assisted housing by reducing the callbacks by 25% by the end of this year. This remains our goal and we are reducing the callbacks currently. A second objective of this goal was to make the efficiency units at 9-5 more marketable. Have installed carpeting and through the wall HVAC units. This should help us meet this goal.

Goal Three: Provide an improved living environment by installing security window screens in select developments. The installation of security window screens at Development 9-1 is finished and those at Development 9-2 are scheduled to begin this year using 2002 CFP Funds.

Goal Four: Ensure equal opportunity and affirmatively further fair housing. We have addressed this in our policies and our posters to ensure that no one will be discriminated on the basis of race, color, religion, national origin, sex, familial status or disability.

Goal Five: Deliver timely and high quality maintenance service to the residents by creating and implementing a preventative maintenance plan. Updating our maintenance schedule for our Preventative Maintenance Plan.

ADMISSIONS POLICY FOR DECONCENTRATION**

SECTION VI – DECONCENTRATION RULE

The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the PHA is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the PHA will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the PHA does not concentrate families with higher income levels, it is the goal of the PHA not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The PHA will track the status of family income, by development, on a monthly basis by utilizing income data maintained by the PHA.

To accomplish the deconcentration goals, the PHA will take the following actions:

- (1) At the beginning of each PHA fiscal year, the PHA will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous PHA fiscal year.
- (2) To accomplish the goals of:
 - (a) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
 - (b) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, in accordance with the incentives reflected in SECTION II, 6, Resident Selection, of the PHA's Admission and Continued Occupancy.

RESIDENT ASSESSMENT FOLLOW-UP PLAN

Deficiencies were noted in the Survey Safety Section and the Neighborhood Appearance Section. The Housing Authority has consulted with the Resident Advisory Board and developed an Implementation Plan to address these deficiencies.

Our Agency Plan includes remedies for the following Survey Sections requiring a follow-up:

1. **Communication**
 - a. The Housing Authority has created a Resident Advisory Board with a member from each development in an attempt to get communication to all residents.
 - b. All Residents are notified of any modernization work or interruptive maintenance prior to a worker arriving at their unit.
 - c. In addition to items contained within the Agency Plan, the authority continues to work closely with the Union City Police Department to monitor the activities at Development 9-3 with security cameras installed by the authority and monitored at the police sub-station on the property.

2. **Safety**
 - a. Safety continues to be a perceived problem by the residents. The Authority has added numerous security lights throughout the developments. Also, the current modernization program under way includes the installation of hard-wired, battery backup carbon monoxide, gas and smoke detectors in each family unit.
 - b. New windows with security window screens have been installed in Development 9-1, and are beginning to be installed in Development 9-2 with the 2002 Capital Fund Program. Development 9-3 is scheduled for installation in the second year of this 2003 Agency Plan.
 - c. The original construction did not include draft-stops in the attics. This has been placed in the FY2003 of the plan for all buildings without them.

3. **Neighborhood Appearance**
 - a. Besides the ongoing effort to remove debris, keep the trees trimmed and the grass mowed, the Authority has identified landscaping for all developments within the five years of the FY2003 Agency Plan.
