1. Summary of Policy or Program Changes for the Upcoming Year

In this section, briefly describe changes in policies or programs discussed in last year's PHA Plan that are not covered in other sections of this Update.

1. The Admissions and Continued Occupancy Policy (ACOP) and Lease revisions have been implemented to comply with the density-concentration and income mix requirements; thereby, encouraging higher income families in the developments. Although the Housing Authority has provided incentives for higher income families, based on the projections of extremely low income and very low income families in Fayette County, the emphasis will continue to house families in these income levels.
2. The Housing Authority is meeting the income targeting mix requirement of the Regulations and Law for the development.
3. The Housing Authority has established and implemented income-based ceiling rents and flat rents. Residents are given a choice of income-based or flat rent.
4. The Housing Authority will continue to be involved in activities to provide greater economic self-sufficiency through the State of Tennessee "Families First" welfare to work reform.
5. The Housing Authority has two residents on the Board of Commissioners that provide for resident participation. The Residents will continue to be appointed by the Mayor. Resident Board members are not elected. In addition, the Housing Authority has established a Resident Advisory Board that has been involved in the development of the Agency Plans.
6. The Housing Authority is providing decent, safe, and sanitary housing through the effective and efficient utilization of operating funds. The Housing Authority will continue utilization of a pest control contractor to reduce and eliminate pests, including cockroaches.
7. The Housing Authority does not have a HUD funded Drug Elimination Grant. However, the Housing Authority has a partnership with the local law enforcement agency to implement crime prevention activities and a dwelling unit is used as a mini-precinct.
8. The Resident Advisory Board consists of two members.
9. The Resident Services and Satisfaction Follow-up Plan (attachment 01) identifies comments by residents and proposed corrective actions by the Gallaway Housing Authority.

**GALLAWAY HOUSING AUTHORITY
RESIDENT SERVICES AND SATISFACTION**

FOLLOW-UP PLAN

Attachmenttn084a01

In Fiscal Year 2002, the HUD Real Estate Assessment Center (REAC) conducted a Resident Services and Satisfaction Survey of the residents of the Gallaway Housing Authority. As a result of the Survey of the residents, the Housing Authority is required to prepare a Resident Satisfaction Follow-up Plan for three (3) of the five (5) Sections/Factors reflected in the Survey.

The three Sections/Factors that the Housing Authority received the lowest scores were Communications with a score of 70.9 percent, Safety with a score of 68.1 percent, and Neighborhood Appearance with a score of 71.5 percent.

The following is an evaluation of the various scores of the survey for Communications, Safety, and Neighborhood Appearance:

COMMUNICATIONS:

Based on the residents survey results, there were five concerns of the residents under the Communications Section/Factor that was below 75 percent. The five areas below 75 percent were as follows:

1. The residents believe that management could provide information concerning maintenance, repairs, and modernization activities. This question received a score of 73.0 percent out of 100.
2. Residents generally reported that meeting and events were not conveyed to them with a score of 63.4 and information about the rules of the lease with a score of 64.2.
3. The residents generally reported that management could be more responsive to their questions and concerns with a score of 73.3 percent.
4. Residents believe management should be more supportive of the resident/tenant organization with a score of 73.0 percent.

SAFETY:

Based on the residents survey results, the only Safety Factor that received a low score was related to crime prevention programs with a score of 30.7 percent.

NEIGHBORHOOD APPEARANCE:

Based on the residents survey, the major concerns of the residents under the Neighborhood Appearance Section/Factor were as follows:

1. The residents do not believe that the upkeep of the common areas (70.8%), exterior of buildings (73.2%), parking areas (66.0%), and recreation areas (60.4%) is satisfactory.
2. The residents identified broken glass (69.6%), abandoned cars (62.5%) and noise (69.6%) as problem areas.
3. Trash/litter was identified as a problem with a score of 73.3 percent.
4. There was concern relating to vacant units with a score of 70.8 percent.

PLAN ACTIONS:

In an attempt to improve the Resident Services and Satisfaction concerns of the residents, the following actions will be implemented before and during the coming Fiscal Year as the Housing Authority's Resident Services and Satisfaction Follow-up Plan:

COMMUNICATIONS:

1. The Housing Authority will hold meetings and discuss the concerns of the residents with the Resident Advisory Board before submission of the Public Housing Agency Plans.
2. There was some concern about support for the resident association. There is no resident organization for the Housing Authority to be supportive of; however, the Housing Authority will again request whether the residents want to have an organization.
3. The Housing Authority will continue to post notices of meetings at the Housing Authority office.
4. Since the residents were concerned about receiving information concerning maintenance, repairs and modernization, the Housing Authority will continue providing notices to the residents in order to solve this concern.

SAFETY:

1. The Housing Authority will contact local law enforcement to provide crime prevention meetings with the residents.

NEIGHBORHOOD APPEARANCE:

1. The Housing Authority will hold meetings and discuss the concerns of the residents with the Resident Advisory Board before submission of the Public Housing Agency Plans.
2. The Housing Authority may also implement the stipend program for any resident that wishes to participate in the upkeep of the developments. This will provide an incentive for the residents to keep the development free of trash and broken glass.
3. Noise was identified as a problem but the Housing Authority is not aware of what type of noise the residents are concerned with. The noise could be automobiles or other residents. Without knowing the specifics of the concerns, it is difficult to determine what actions can be undertaken to resolve the concerns.
4. Vacant units were identified as a problem with the residents. It is difficult to understand the concern with vacant units since the Housing Authority has only 8 vacant units. When the Agency Plan was prepared for the last FY there were only 2 vacant units. However, the vacant units will be checked for security reasons.
