C. Criteria for Substantial Deviation and Significant Amendments

1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

Substantial Deviation from the 5-year Plan:

Any change to Mission statement such as:

50% deletion from or addition to the goals and objectives as a whole

50% or more decrease in the quantifiable measurement of any individual goal or objective.

Revised 5-year plan to complete work items in each project at one time. This will insure that the developments are completely brought up to standard.

All work items will be completed as stated in the previous plan based on the availability of funds.

B. Significant Amendment or Modification to the Annual Plan:

50% variance in the funds projected in the Capital Fund Program Annual Statement.

Any Increase or decrease over 50% in the funds projected in the Financial Resource statement and/or the Capital Fund Program annual Statement

Any change in a policy or procedure that requires a regulatory 30-day posting

Any submission to HUD that requires a separate notification to residents, such as Hope VI, Public Housing Conversion, Demolition/Disposition, designated Housing or Homeownership programs.

2000, 2001 and 2002 CFP have been revised to complete Project 001. After a closer evaluation of all work items this is the most cost effective way to complete the developments.
