[24 CFR Part 903.7 9 (r)]

Section 1: Five Year Plan

This section includes the Calvert Housing Authority's Mission statement, goals and objectives. The housing authority has considered the Mission Statement, goals and objectives of HUD in developing the Five Year Plan.

Section 2: Annual Plan

This section includes the components required to be submitted by a small housing authority (less than 250 Public housing units) that is designated as a standard performer.

Please refer to the Table of Contents for the components included. Any required components that are not included in this submission are so indicated in the Table of Contents along with the location of the applicable materials and the date submitted to HUD, if required.

The Five Year plan and Annual Plans will be available for review by the public on December 10, 2003 as noted in the public notice published December 3, 2002 (posted in the Post Office and City Hall). An attendance sheet for the public hearing as well as minutes including resident/public comments are available for review in the housing authority's files on the Annual Plan. All comments received have been considered and addressed by the housing authority and the Board of Commissioners will approve the Five year and Annual Plans prior to submission to HUD for approval.

Executive Progress Report for 5-Year Plan

The Executive Director conducted an assessment of the 5-year Plan. The assessment shows the following goals as outlined in the 5-year plan were implemented in a timely manner as outlined in the Plan:

1. A high occupancy rate continues to be achieved. This may be impacted due to implementation of integration and over housing issues
2. Development of drug programs is continuing with support from local authorities
3. Occupancy rates continue to exceed the 90% level
4. The Executive Director has been assigned the duties of compliance
5. The PHA has met with the local police to establish a working relationship. This will continue throughout the period covering the 5-year Plan. The local department has had an abnormal amount of turnover and it has taken more effort to keep them apprised and involved with implementing CHA needs.
6. A preventive maintenance plan has been established
7. Inventory control procedures have been established to ensure needed materials are available to maintenance staff
8. Costs have continued to escalate beyond the 10% goal with increases in materials and labor being significantly higher. During fiscal 2002, the PHA maintained stricter controls with a decrease in overall costs.

The following goals are still being developed in accordance with the Plan:

1. By end of 4th quarter 2002 a marketing plan will be developed to target the housing needs of the identified population
2. Crime within the HA has not been a significant factor. Regardless, a crime reduction plan remains to be developed with assistance from local authorities. This effort has been delayed due to internal problems within the local law enforcement agency.
3. Administrative reporting needs to be improved with and emphasis placed on timeliness.
4. The audit action plan is 70% complete and ready for Board Approval where applicable.
5. A need exists to improve the number and quality of available resources for capital improvement projects. The ED will assess this situation and utilize available resources (HUD, CHA Board, Better Business Bureau) to alleviate this situation.

The 5-year Plan is on-target in most areas. Those goals still under development have target dates that fall at the end of the Plan. Further, goals that have been achieved to date are being monitored, assessed for improvement, and updated as required to assure the objectives of the Plan have been satisfied.

Respectfully Submitted,

Penny E. Cooper-Stade
Executive Director
