**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

**This is the Five-Year Plan for the Housing Authority of the City of Crockett, The Housing Authority's fiscal year begins April 1, 2003, the Five-Year Plan is for fiscal years 2003-2007 and the Annual Plan is for the fiscal year 2003.**

**Crockett Housing Authority administers 280 units of Public Housing. Out of the 280 units we have 28 zero bedrooms, 90 one bedrooms, 86 two bedrooms, 64 three bedrooms, and 12 four bedrooms.**

**A Board of Commissioners, consisting of five members appointed by the Mayor, oversees the agency. The Agency was established in 1963.**

**The mission of the Housing Authority as it is stated above, and was adopted by the Board on January 24, 2000. When the Board adopted this statement, it knew that there were many ways that the Authority could provide adequate and affordable housing. The mission also requires the Housing Authority to extend its role beyond housing assistance and develop programs, which provide economics self-sufficiency to the families it serves. Finally the mission statement charges the Authority with the responsibility to affirmatively further fair housing and deliver the programs in a way that all those served are treated equally with dignity and respect.**

**The Housing Authority plans to expand the supply of assisted housing by reducing the number of vacancies of its developments. The Housing will reduce the current vacancy rate by 15 percent over the next 5 year; thus providing housing assistance to a greater number of low income families.**

**The Housing Authority plans to improve the quality of assisted housing over the next 5 years, by renovating and modernizing 85% of the Housing Authority's Public Housing units. This in return will also increase the vacancy rate for the Housing Authority.**

**The Housing Authority further intends to increase the number of working families residing in Public Housing units. The Housing Authority has increased the number of working families in Public Housing units over the past year from 18 percent to 43 percent, which is a 25% increase, and will continue to increase the number over the next 5 years. We will accomplish this through a combination of rent incentives, working preferences, and by working closer with social service agencies to provide job training and employment opportunities.**

**The Housing Authority has two primary sources of funding: operating, and capital. With public housing funding being revised, the Housing Authority's future funding amounts could be substantially altered. The figures in the Plan do not reflect any impact from the upcoming changes in funding formulas. At the end of fiscal year \$271,043.00. The Housing Authority expects to retain these reserve levels throughout this five year planning period.**

STATEMENT OF PROGRESS IN MEETING 5-YEAR PLAN  
MISSION AND GOALS

The Crockett Housing Authority Staff is taking great strides to improve the quality of living for their residents'. We are making an attempt to reduce vacancy and down time of units. This has been done through preventive maintenance. By using the Annual and Five Year Plan we are trying to budget the Capital Funds money and rehab all the units over a five-year period, by utilizing the Capital Fund money for all the Housing Authority sites every year for the next five years. We are also using the money for site improvements to improve the appearance of the Housing Authority sites. By doing this it will increase the quality of living for the current and future residents of the Housing Authority.
