INITIAL VOLUNTARY CONVERSION ASSESSMENT (Not eligible for Conversion)

We have reviewed the subject development's operation as public housing, considered the implications of converting the public housing to tenant-based assistance, and concluded that the development does not meet the necessary conditions for voluntary conversion.

Our analysis indicates that conversion of the development:

- 1) Will be more expensive than continuing to operate the development (or portion of it) as public housing;
- 2) Would not principally benefit the residents of the public housing development to be converted and the community; and
- 3) Would adversely affect the availability of affordable housing in the community.

DECONCENTRATION AND INCOME MIXING

The Clifton HA does not have any general occupancy public housing developments covered by the deconcentration rule.
