ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

The mission of Winooski Housing Authority (WHA) is to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination. To further this mission, during the next year WHA intends to undertake activities that will: expand it's supply of assisted housing, improve the quality of assisted housing within it's jurisdiction, increase the choice of assisted housing among WHA's stakeholders, and work to ensure equal opportunity and affirmatively further fair housing.

If they become available and WHA is eligible to apply, in order to expand the supply of assisted housing WHA intends to apply for additional Section 8 Vouchers and explore opportunities that will allow the leveraging of private or other public funds to create additional housing opportunities. Examples of possible funding opportunities are the Low Income Housing Tax Credit Program, and the Community Development Block grant program.

WHA intends to improve the quality of assisted housing stock within it's jurisdiction by utilizing the HUD Public Housing Capital Grant Program. Anticipated work items include unit remodeling, exterior building repairs, and modernization of facility's systems. The agency is also planning on replacing part of its aging fleet of maintenance vehicles. In addition, WHA recognizes that improvements can and should be made to the manner in which it's Section 8 Housing Assistance Programs are being administered. Therefore, for the period in question, WHA has a goal of improving the MIS flow of information from the field, through the office and ultimately to HUD's PICS system.

One of the goals listed in last year's plan was proving site-specific security enhancements. As a result, security patrols were initiated during the summer months at VT6-3, and the building-wide camera surveillance system was expanded at VT6-2. Based upon the most recent resident survey responses it appears that these actions have had some success at VT6-2, however the residents have continued to note security concerns at VT6-3. Therefore, WHA intends to explore the feasibility of installing a surveillance system at the outside common areas of that facility.

The rental market in WHA's jurisdiction continues to have an extremely low vacancy rate. As a result, the agency's Voucher clients continue to be challenged with finding suitable units in which to reside. To address this issue WHA staff will continue to engage in outreach activities geared towards potential and

current Section 8 landlords, on a case by case basis, with a goal of improving the client lease-up success rates.

Lastly, although on balance, the most recent resident survey results indicate that at a majority of developments the residents are satisfied with the manner in which management communicates with them, VT6-3's response in this area was very low. Therefore we intend to examine this dynamic to determine if it is possible to raise this development's score in this area to that of the other developments. Towards that end, a series of resident meetings will be held.

2. Additions of new activities to mitigate crime;
3. Any change with respect to public housing demolition, disposition or conversion activities or programs.

Progress in meeting the Five Year Plan Mission and Goals:

Winooski Housing Authority is meeting its mission statement of promoting adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination. The agency provides affordable housing resources to several hundred households in its jurisdiction, and over the past year has expanded its inventory.

In addition, the agency regularly promotes economic opportunity through the Family Self-Sufficiency program, and a variety of local programs geared towards "bootstrapping" its clients.

During the past year there have been no issues related to discrimination against its clients.

Despite myriad programmatic changes relative to the Section 8 program, the agency's SEMAP score has increased modestly in some measured areas.

A. Admissions Policy for de-concentration

The Winooski Housing Authority (WHA) Board of Commissioners recognizes that the deconcentration of the poor within public housing projects is a HUD priority. However, as WHA owns only one, small public housing family project, its options are extremely limited with respect to transferring tenants from project to project to achieve deconcentration. Nonetheless, Winooski Housing Authority will make every effort to achieve the broadest range of incomes possible (within program regulations).

Towards that end, WHA will factor the income levels of applicants to public housing against the above referenced goal, while at the same time adhering to HUD's income targeting requirements, and other applicable public housing program regulations.

PET OWNERSHIP POLICY

INTRODUCTION

Tenants may own pets under the terms and conditions of this policy. As this policy is incorporated into the dwelling lease, repeated and/or substantial violations of this policy may result in withdrawal of permission to own a pet or in a termination of tenancy. Pets are a serious responsibility and risk for each resident in the building. If not properly controlled and cared for, pets can disturb the rights of others in the building and cause damage running well into many hundreds of dollars for which pet owners will be held responsible.

TYPE AND NUMBER OF PETS

Each tenant family may own one common household pet including a dog, cat, caged bird, turtle, hamster and fish (limit of one 10-gallon tank). Reptiles, rodents, farm animals, snakes and similar animals are among those that are not allowed. Visitors or guests are not permitted to bring pets onto the premises. This policy does not apply to animals that assist the handicapped.

OWNER ACCOUNTABILITY

Pet owners will be held accountable for any damage to property or persons caused by their pets. Failure to meet financial or other responsibilities for pet behavior or pet caused damage will be cause for eviction.

Tenants shall be liable for entire amount of all damages caused by pets and all cleaning, defleaing and deodorizing required because of the pet. This applies to carpets, doors, walls, drapes, windows, screens, furniture, appliances and any other part of any dwelling unit, landscaping or any other improvements on authority property of other tenants. If such items can not be satisfactorily cleaned or repaired, tenants must pay for complete replacement. Payment for damages, repairs, cleaning, replacements, etc. shall be due immediately upon demand.

STANDARD OF CARE

It is the pet owner's responsibility to insure that the pet receives proper care. Proper care includes adequate nutrition, responsible medical treatment, and compliance with licensing and overall humane treatment. If in management's opinion, the pet is not properly cared for than management receives the right to require the pet owner to permanently remove the pet.

RIGHT OF OTHER TENANTS

Pet owners must recognize the rights of other tenants to peaceably enjoy their homes free from noise disturbances and odors caused by pets. Therefore, pet owners will take every reasonable step to ensure that the rights of other tenants are not disturbed. Pet owners agree to immediately and permanently remove the pet from the premises if management in management's sold discretion determine that the pet has disturbed the rights, comforts, or conveniences of neighbors or other residents.

SPECIAL PROVISIONS FOR OWNERS OF DOGS AND CATS

Owners of dogs and cats must register the pet with the Housing Authority before the pet is brought onto the premises. Registration may be refused if the Authority determines that the pet owner will be unable to keep the pet in compliance with this policy and other lease obligations.

Dogs and cats shall be neutered or sprayed and housebroken.

All dogs and cats shall be licensed and vaccinated according to local and state laws. Owners shall provide the Authority with third party verification of compliance.

All dogs shall be on a leash controlled by an adult when outside of the apartment.

All excrement shall be collected by the owner in a plastic bag, which is to be sealed and deposited in the appropriate receptacle. Litter boxes must be changed at least twice weekly and waste must be separated from litter at least daily.

Owners shall designate two individuals, one of whom must live off the premises to care for the pet should the owner become incapacitated.

Cats and dogs shall not be allowed in common areas except as is necessary to leave or enter the building.

Management reserves the right to require that the tenants remove pets from the premises while maintenance work is being performed.
