Housing Authority of the Town of Manchester

Housing Authority of the Town of Manchester Goals and Accomplishments – FY 2004

The fourth year of our PHA Agency Plan will end September 30, 2003 with most goals being met and on-going and continuing activity in other areas.

We are continually updating the electrical systems throughout our developments and upgrading the kitchens and baths (3) of the developments. We have installed kitchen counters, shower and tub surrounds, and new floors in many apartments. We have installed siding on Westhill Gardens Annex and also storm doors.

We have accomplished a great deal of work on our scattered site housing. One three-bedroom unit on Orchard has been rehabilitated. Bathroom renovation was also accomplished on Horace Street and Wilfred Road. Family housing continues to need repair and renovation, and we strive to keep this housing up-to-date and in good repair.

The building that was purchased for the maintenance garage is undergoing extensive renovation. Work had to be halted awaiting more money from the Capital Fund Program.

In our ongoing effort to increase the number of employed persons residing in our developments, we have included a special allowance for families who work. The policy allows a 10% deduction of gross income for working families. This deduction appears to be an incentive as there is at least one family member working in the majority of households.

In the past year, twenty (20) new landlords joined the Section 8 Program. We have an on-going education (Section 8 instruction) program for all participants in the program.

Our payment standard for the Voucher program continues to be 110% of the Fair Market Rent (FMR) to enable our participants to locate decent, safe and sanitary housing at an affordable level in an expanded area of Manchester. Due to decrease in funding we will not be able to help as many families as in past years.

Ongoing goals throughout the five years continue to ensure equal opportunity in our housing programs, as well as increasing customer satisfaction.

Implementation of Public Housing Resident Community Service Requirements

The Housing Authority of the Town of Manchester has 42 units of Scattered Site Family Housing.

A preference is given for the rental of one of these units to people who are working; though most have low paying jobs. Should a resident who has been working lose his or her job we make every effort to provide counseling and assist them in finding a new job; we have not had to implement the Community Service Requirement.
