Resident Advisory Board Comments and PHA Response

- **Residents are very pleased with our computer center. We have an instructor through our CFG fund that continues to work with our children with homework and school projects and adults on programs, resumes and job searches.**
- **Residents are very excited about improving the appearance of the property. We will continue our flower program, landscaping, and tree pruning as need.**
- **Installation of new windows, shutters, outside lighting. The windows will not only help the appearance but will help in being energy efficient, and increase safety and security as our windows are outdated.**
- **Residents requested new storm doors also for safety and security. New doors will be more energy efficient also. The residents feel that storm doors take place over bi-fold doors.**

Statement of Progress in Meeting the 5-Year Plan Goals

Dalton Homes strives in making our residents content, safe, and satisfied with their homes and environment. This is achieved though continuing to work with local law enforcement, our management and our staff. The staff will continue to maintain a decent, safe, sanitary and affordable housing that is also enabling self sufficiency at the same time.

We are in the process of our Window replacement, which our residents are very excited about. This will be an energy efficient cost cutter for our residents, while it will also improve the appearance of the homes. New outside porch lighting is also being added as a new safety feature. Shutters and storms doors will also be installed, adding a much needed improvement.

While in the process of these new additions to the outside, we will continue to install water heaters, stoves and refrigerators as needed. We are also in the process of installing new bathroom sinks, kitchen sinks, countertops and vanities as needed. This is to keep the inside updated and in working order, through our CFG funding.

Residents are pleased that roofs on the outside storage buildings have been replaced. And each building has also been painted.

An additional goal will be to replace roofs, gutters, and downspouts as needed and as funds allow.

MHA will also aim to continue our communication with our local agencies, such as our local government and local law enforcement. This is in order to provide a safer community in which to live and better our working relationships with the organizations.

MHA will also continue to be financially accountable and responsible. Responsibilities and obligations were within the budget and there were no audit findings.

And finally continue our programs and computer labs with the residents. All this combined we will encourage our residents and future residents to become even more self-sufficient while we maintain and monitor our progress under the 5-year plan.

Follow-Up Plan to the Resident Survey

Maintenance: MHA has a list of all emergency numbers posed on the bulletin board outside the office. We will continue to update this board and update residents regarding the necessary phone numbers and contact emergency agencies. We will also continue to work with maintenance to ensure repairs both emergency and non-emergency are completed in a timely manner. We will also continue discussions of these issues in our regular resident meetings.

Communication: MHA will continue to work with updating residents and on keeping them updated on housing issues, grounds work, maintenance work and new policies and regulations. This will be done through resident meetings, updating out bulletin board and handing out notices and distributing flyers.
