**DECONCENTRATION POLICY**

It is the policy of the Kanawha County Housing & Redevelopment Authority (KCH&RA) to house families in a manner that will prevent a concentration of poverty families and/or concentration of higher income families in any one development. The specific objective of the KCH&RA is to house no less than 40% of its KCH&RA inventory with families that have income below 30% of the area median income by public housing development. Also the KCH&RA will take actions to insure that no individual development has a concentration of higher income families in any one or more of the developments. To insure that the KCH&RA does not concentrate families with higher income levels, in any one development with families whose income exceeds 30% of the area median income.

The KCH&RA will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the KCH&RA computer system.

To accomplish the deconcentration goals, the KCH&RA will take the following actions:

- A. At the beginning of each fiscal year, the KCH&RA will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous fiscal year.
- B. To accomplish the goals of:
  1. Housing not less than 40% of the KCH&RA inventory on an annual basis with families that have incomes at or below 30% of the area median income, and
  2. Not housing families with incomes that exceed 30% of the area median income in developments that have 50% or more of the total household living in the development with incomes that exceed 30% of the area median income, the KCH&RA's Tenant Selection and Assignment Plan, which is part of this policy, provides for the utilization of "Local Preferences" in regards to the selection of applicants to meet the priorities of the policy.
