The Tenant may request a hearing, which will be handled according to the HA’s established grievance procedure. The pet may remain with the tenant during the hearing process unless the HA has determined that the pet may be a danger or threat to the safety and security of other persons. If this determination has been made by the HA, the pet must be immediately removed from the unit upon receipt of the notice from the HA.
  
- F. The Tenant is solely responsible for cleaning up the waste of the pet within the dwelling and on the premises of the public housing development. If the pet is taken outside it must be on a leash at all times. If there is any visible waste by the pet it must be disposed of in a plastic bag, securely tied and placed in the garbage receptacle for their unit. If the HA staff is required to clean any waste left by a pet, the Tenant will be charged \$25 for the removal of the waste.
  
- G. The Tenant shall have pets restrained so that maintenance can be performed in the apartment. The Tenant shall, whenever an inspection or maintenance can be scheduled, either be a home or shall have all animals restrained or caged. If a maintenance person enters an apartment where an animal is not restrained, maintenance shall not be performed, and the Tenant shall be charged a fee of \$25.00. If this same situation again occurs, the pet shall be removed from the premises. Pets that are not caged or properly restrained may be impounded by animal control officers or by HA staff and taken to the local Humane Society. It shall be the responsibility of the Tenant to reclaim the pet at the expense of the Tenant. Also, if a member of the HA staff takes a pet to the Humane Society the Tenant will be charged an additional \$50 to cover the expense of taking the pet(s) to the Humane Society. The Housing Authority shall not be responsible if any animal escapes from the residence due to maintenance, inspections or other activities of the landlord.
  
- H. Pets may not be bred or used for any commercial purposes.

**ATTACHMENT (al011av05)  
DECONCENTRATION  
POLICY**

**PUBLIC HOUSING:**

In an ongoing effort for The Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been adopted by the Housing Authority of the City of Fort Payne (HA) in order to comply with the Quality Housing Work Responsibility Act of 1998, Section 513.

**INCOME MIX TARGETING:** To meet the requirements of the Act, and subsequent HUD regulations, at least 40 percent of families admitted to public housing by the HA must have incomes that do not exceed 30% of the area median. If families whose incomes do not exceed 30% of the area median income occupy 40% or more of the housing authority units, this requirement shall be considered as being met.

Additionally, to meet this goal, the housing authority will use the provisions of fungibility to the extent that the housing authority has provided more than seventy-five percent of newly available vouchers in its Section 8 program, including those resulting from turnover, to very poor families. The number of fungible housing credits used to drop the annual requirements for housing very poor families below 40 percent of the newly available units in public housing is limited to the lowest of the following:

1. The number of unit's equivalent to ten (10) percent of the number of newly available vouchers.
2. The number of public housing units that (i) are in public housing projects located in census tracts having a poverty rate of 30% or more, and (ii) are made available for occupancy by, and actually occupied in that year by, families other than very poor families, or
3. The number of units that cause the housing authority's overall requirement for housing very poor families to drop to 30% of its newly available units.

**PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES:** The HA will not, in meeting this income mix targeting, concentrate very low-income families, or other families with relatively low incomes, in public housing units in certain projects or certain buildings. The Housing Authority of the City of Fort Payne will review the income and occupancy characteristics of each project to ensure that a low-income concentration does not occur.

**DECONCENTRATION:** The Housing Authority of the City of fort Payne shall make every effort to deconcentrate families of certain income characteristics within the HA complexes. To achieve this, the Housing Authority of the City of Fort Payne may offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in project predominantly occupied by eligible family to have the sole discretion in determining whether to accept the incentive and the agency may not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered and adverse action. As such, the Housing Authority will continue to accept applications and place the individuals on a waiting list. Selection will be made based on a combination of the local preferences and an

income target mix. Any eligible family who qualifies as a higher income family may accept a dwelling unit assignment and be placed randomly into a vacant housing unit.

The Housing Authority of the City of Fort Payne will track the income mix within each project in an effort to avoid a concentration of higher or lower income families in any one project.

Each project has greater than forty (40) percent of the families with thirty (30) percent or less of the median income.

Monitoring will be conducted to confirm that at least forty (40) percent of all leased units will be within thirty (30) percent of the median income. The calculations listed above exclude vacant units and were averaged by occupied units.

Efforts through marketing and outreach shall be made to increase the families with incomes greater than thirty (30) percent of median income in the projects as per the requirements of the QHWRA of 1998.

**Progress in Meeting 5-Year Goals**

The primary goal of the Fort Payne Housing Authority in its five year plan is to modernize our buildings to be more comparable and competitive with other apartment complexes in DeKalb County. We now have central heat & air units in 258 of our 295 apartments. In the future we are planning on making parking areas more convenient for our residents and continue updating our apartments to make our residents homes more pleasing to live in.
