## B. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families on the PHA's public housing and Section 8 waiting lists **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Our Strategy for addressing the housing needs of families on our waiting list for Public housing will be to make the public more aware of our program through advertisements and through other agencies that are dealing with people in need of housing. I feel that most people do not know that individual cities have their own housing authority, and that you do not have to be located in a large city.

**(1) Strategies**

**Need: Shortage of affordable housing for all eligible populations**

**Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies. **As needed to be in compliance.**
- Other (list below)

**Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)  
**Operate our public housing program as we have been however working closer with other agencies and using resources they have available.**

**Need: Specific Family Types: Families at or below 30% of median**

Select all that apply

- Other: (list below)

All the residents were very happy with this addition to their units. We also stated that we would work close with DHR. We have accomplished this in several areas, from participation on the DHR Advisory board which meets quarterly with all businesses in the community to the Executive Director serves on the DHR Board.
