9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2003 - 2007.)

Progress in Meeting Goals

The last 5-Year Plan in which the goals and objectives of the Authority were defined was in 2003. It was the goal of the Authority to improve the quality of assisted living by improving the PHAS score. This goal was not achieved primarily due to low REAC scores, but the Crossett Housing Authority is in the process of remedying the findings and will continue to work for a better PHAS score. Under this same goal, it was an objective to reduce vacancy turnover rates and to renovate public housing units. These two objectives have been met.

Another goal was to increase assisted housing choices by implementing homeownership programs. The Authority does provide homeownership opportunities through partnerships with local agencies facilitated by the Resident Initiatives Coordinator.

This is similar to the goal of promoting self-sufficiency and asset development of assisted households. Some objectives for this goal were to increase the number and percentage of employed persons in assisted families, and provide or attract supportive services to improve assisted recipient's employability. Crossett Housing Authority has partnered with technical schools and employment agencies to find education and job opportunities for residents through September of 2006. This same partnership helps to fulfill the objective of providing or attracting supportive services to increase the independence for the elderly or families with disabilities. In addition, the Authority partners with drug elimination programs and offer utility and medical bill assistance.

The goal of ensuring equal opportunity and affirmatively furthering fair housing is being achieved through posted civil rights certifications for all authority operations, an equal opportunity plan and staff training on civil rights and equal opportunity when it is available.

The last goal is for the Authority to maintain high standards for all required authority policies and operational procedures consistent with current law and sound management practices. The Authority having all of its policies and procedures in compliance with all federal, state and local requirements and the use of sound business practices and procedures to ensure sound management and the efficient use of funds has achieved this goal.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan.

The Crossett Housing Authority will consider the following to be changes in its Agency Plan necessary and sufficient to require a 30 day review by all participants before a corresponding change in the Agency Plan can be adopted:

1. Any alteration of the PHA's Mission Statement.
2. Any change or amendment to a stated Strategic Goal.
3. Any change or amendment to a stated Strategic Objective except in cases where the change results from the objective having been met.
4. Any introduction of a new Strategic Goal or new Strategic Objective.
5. Any alteration in the Capital Fund Program (CFP) that affects an expenditure greater than twenty percent (20%) of the CFP Annual Budget for that year.

In defining the above, the Crossett Housing Authority intends by "Strategic Goal" and "Strategic Objective" specifically those items in its Five Year Plan and any change in the above items will be considered a "substantial deviation" from the plan.

b. Significant Amendment or Modification to the Annual Plan.

Furthermore, the PHA considers the following changes to require a public process before amending said changes and that these times are "significant amendments or modifications" to the Agency Plan:

1. Changes to rent or admissions policies or organization of the waiting list.
2. Additions of non-emergency work items (items not included in the current Annual Statement or 5-Year Action Plan) or change in use of replacement reserve funds under the Capital Fund.
3. Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.
