- The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s.
- The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.

- 1) Goal: The public and private sectors shall increase the affordability and availability of housing for low-income and moderate-income persons, including citizens in rural areas, while at the same time encouraging self-sufficiency of the individual and assuring environmental and structural quality and cost effective operations.

Policies:

- Eliminate public policies that result in housing discrimination, and development policies that encourage housing opportunities for all Florida citizens.
- Diminish the use of institutions to house persons by promoting deinstitutionalization to the maximum extent possible.
- Increase the supply of safe, affordable, and sanitary housing for low-income and moderate-income persons and elderly persons by alleviating housing shortages, recycling older houses and redeveloping residential neighborhoods, identifying housing needs, providing incentives to the private sector to build affordable housing, encouraging public-private partnerships to maximize the creation of affordable housing, and encouraging research into low-cost housing construction techniques, considering life-cycle operating costs.
- Reduce the cost of housing construction by eliminating unnecessary regulatory practices that add to the cost of housing.

The State Comprehensive Plan is intended to be a direction-setting document. The goals and policies contained in the State Comprehensive Plan shall be reasonably applied where they are economically and environmentally feasible, not contrary to the public interest, and consistent with the protection of private property rights. The plan shall be construed and applied as a whole, and no specific goal or policy in the plan shall be construed or applied in isolation from the other goals and policies in the plan.

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

Attachments

Use this section to provide any additional attachments referenced in the Plans.

A. De-concentration Analysis

NWFRHA has assessed its properties and found that it does not have properties above/below range that would require de-concentration efforts. In addition, NWFRHA development are dispersed throughout its jurisdiction (22 counties) and any attempt to offer incentives to residents and/or offer units to applicant in other sub jurisdictions would create a hardship for the family (transportation to work, etc.) and would not accomplish the desired result.

Implementation of the Community Service Requirements

COMMUNITY SERVICE REQUIREMENT GUIDELINES

Under section 12c, each adult resident of public housing must participate in eight hours of community service and/or economic self-sufficiency activities per month, unless they meet criteria for exemption. The following description governs how the Northwest Florida Regional Housing Authority will comply with the community service requirements in their next PHA Plan. Addressed below are:

- The administrative steps taken to implement the requirement (scheduled changes in leases, development of a written description of the requirement, written notification to residents of the requirement, entering into Memorandum of Understanding with TANF (welfare) agencies, who will administer the program, etc.).
- Programmatic aspects (types of activities included in order for residents to fulfill their obligation, partner agencies who may offer residents opportunities to fulfill the obligation, etc.).
- The full policy on the community service requirement is also a supporting document to the PHA Plan.

Administrative Steps

Lease has already been revised to reflect changes in requirements for residents.

- Written description of the requirement is listed in the Community Service portion of the Agency Plan.
- Plan will include a notification page to residents informing them of the obligation to comply under the terms of the new lease. Verification will take place on reexamination.
- Memorandum of understanding with TANF.
- At this time we intend for our housing management staff to administer the program. However this will be determined once a review of the number of participants has been established.

Programmatic Steps

- The types of activities that residents could participate in include resident training (energy efficiency, housekeeping issues, etc. once a month on a Saturday, meals on wheels, youth programs, any volunteer work, etc.).
- Partner agencies might include county recreation services, crisis centers, homeless shelters, missions, any non-profit or civic organizations, etc.
