4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

Executive Summary

The Consolidated Plan Executive Summary reports that the housing and community development needs of Georgians are, among other things:

Regardless of tenure, income or household size, the most common problem affecting all households is cost burden.

Cost burden is the most significant problem affecting both elderly and small family households. Overcrowding is the most significant concern of this household type.

Insufficient income is the single largest barrier to affordable housing.

Low and moderate income households are at high risk of exposure to lead based paint hazards such as chipping or peeling paint and dust.

The Housing and Community Development Strategic Plan states:

The State anticipates providing assistance to put extremely low, low and moderate income households in affordable housing free of overcrowded, structurally substandard conditions, with supportive services where appropriate for populations with special need.

Direct Benefit Priorities:

To increase the number of Georgia's low and moderate income households who have obtained affordable, rental housing free of overcrowded and structurally substandard conditions.

To increase the number of Georgia's low and moderate income households who have achieved and are maintaining homeownership free of overcrowded and structurally substandard conditions.

Strategic Plan Five Year Objectives:

Rehabilitate or construct affordable rental units;

Provide rental assistance for very low and low income households;

Assist households to achieve or maintain homeownership in housing free of overcrowded and structurally substandard conditions;

Assist organizations annually to provide housing and supportive services to the homeless; and

Assist organizations annually to provide housing and supportive services to Georgia's Special Need populations.

Public Housing Authorities:

The Consolidated Plan Executive Summary provides the following comments relating to Public Housing Authorities in Georgia.

Public Housing Authorities implement a large portion of Georgia's housing assistance effort. Local governments have created 202 PHAs, providing public housing. Seventeen PHAs offer Section 8 rental subsidies. PHAs utilize funds from public housing rent receipts, federal subsidies from HUD and proceeds from bond issues for some development costs.

Over 108,000 residents live in the 55,834 units of local public housing available across Georgia.

No public housing authorities are operated by the State. Therefore, the State has not developed a plan to encourage public housing residents to become more involved in the public housing management or to become owners of their units. However, the State encourages individual PHAs to develop such a plan with residents. The State also continues to encourage within its programs the transition of public housing residents into private housing living situations.

Among the Federal resources available to Georgia (Part VI, Section C) include Section 8 Rental Certificates and Vouchers to address affordable housing needs; HOPE I (Public Housing Homeownership) to address homeownership needs; and for Public Housing, the Comprehensive Grant Program and Public Housing Development funds.

State's Housing Priorities and Objectives:

This section outlines activities by priority and objective. While the activities, priorities and objectives do not directly relate to the public housing program, the activities do include the Section 8 program. Again while none of the activities tap public housing funds, the activities do parallel the goals and objectives of the Housing Authority of the City of Adel. The Priorities and Objectives are listed as follows:

Priority: To increase the number of Georgia's low and moderate income households who have obtained affordable, rental housing which is free of overcrowded and structurally substandard conditions.

(Refers specifically to the Section 8 Rental Assistance Program administered by the Georgia Department of Community Affairs).

Priority: To increase the number of Georgia's low and moderate income households who have achieved and are maintaining homeownership in housing free of overcrowded and structurally substandard conditions.

Priority: To increase the access of Georgia's homeless to a continuum of housing and supportive services which address their housing, economic, health and social needs.

Priority: To increase the access of Georgia's Special Need populations to a continuum of housing and supportive services which address their housing, economic health and social needs.

(Includes as an activity the implementation of Georgia's Section 8 Rental Assistance Program and refers specifically to the Georgia Department of Community Affairs continuing to administer the program in Georgia's 149 counties).

In summary, the goals, objectives, policies and programs of the Housing Authority of the City of Adel are consistent with the Consolidated Plan for the State of Georgia.
