3. PHA Policies Governing Eligibility, Selection, and Admissions

[24 CFR Part 903.12 (b), 903.7 (b)]

A. Public Housing

(1) Eligibility

a. When does the PHA verify eligibility for admission to public housing? (select all that apply)

- When families are within a certain number of being offered a unit: (state number)
- When families are within a certain time of being offered a unit: (state time)
- Other: (describe)

The application process will involve two phases. The first phase is the initial application for housing assistance or the pre-application. The pre-application requires the family to provide limited basic information (i.e. family composition, income, etc.) establishing any preferences to which they may be entitled. This first phase results in an apparently eligible family's placement on the waiting list.

Upon receipt of the family's pre-application, the Clayton Housing Authority will make a preliminary determination of eligibility. The Clayton Housing Authority will notify an apparently eligible family in writing of the date and time of placement on the waiting list, and the approximate wait before housing may be offered. If the Clayton Housing Authority determines the family to be ineligible, the notice will state the reasons therefore and will offer the family the opportunity of an informal review of the determination.

The applicant may at any time report changes in their applicant status including changes in family composition, income, or preference factors. The Clayton Housing Authority will annotate the applicant's file and will update their place on the waiting list. Confirmation of the changes will be made in writing.

The second phase is the final determination of eligibility, referred to as the full application. The full application takes place when the family nears the top of the waiting list. The Clayton Housing Authority will ensure that verification of all preferences, eligibility, suitability and selection factors are current (less than 90 calendar days old) in order to determine the family's final eligibility for admission into the Public Housing Program.

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA’s progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004)

Statement of Progress in Meeting the FY 2000 – 2004 5-Year Plan Goals and Objectives

The following table reflects the progress we have made in achieving our goals and objectives:

GOAL 1: IMPROVE CUSTOMER SERVICE DELIVERY	
Objective	Progress
The Authority will utilize existing community resources	The Authority has utilized existing community resources, however, recent drastic budget cuts in all domestic assistance programs has severely curtailed the availability of funds from community-based programs. The Executive
The Authority will implement operational systems to ensure completion of all job tasks	

in the most efficient manner	Director has, over the 5 years of the original Agency Plan, been forced to curtail staff in the administrative functions due to funding limitations caused by Congress appropriating insufficient funds for operating subsidy and Capital funds. This goal is considered as being fulfilled and accomplished due to the aforementioned budget constraints.
-------------------------------------	--

GOAL 2: INCREASE THE LEVEL OF RESIDENT SATISFACTION WITH THE MAINTENANCE FUNCTION	
Objective	Progress
The Authority will improve its resident satisfaction with the maintenance function of the Authority	The Authority has reorganized the maintenance function (position of maintenance director and that of modernization coordinator have been separated). Resident satisfaction surveys handled by HUD for the last five years show residents are satisfied with the maintenance and service of the Authority.

GOAL 3: INCREASE THE PERCENTAGE OF UNITS MEETING HQS	
Objective	Progress
Review of PM program and make necessary changes. Train HQS inspectors	All necessary changes to the PM program have been implemented. The Authority has elected to contract the HQS inspections due to budget constraints and time constraints.

GOAL 4: IMPROVE EMPLOYEE SERVICES, SUPPORT SYSTEMS & MORALE	
Objective	Progress
Promote maximum efficiency and employee morale	The Authority has evaluated the adequacy of all systems of the organization and determined that all necessary steps have been accomplished to update and upgrade the systems as necessary. This goal is considered accomplished.

GOAL 5: IMPROVE THE PUBLIC AND COMMUNITY IMAGE OF THE AUTHORITY	
Objective	Progress
Establish a public relation program for the Authority	This goal was reviewed by the Board of Commissioners and the Executive Director. Budget shortfalls for all of the years in the original 5 year plan made it necessary for the

	Authority to NOT further pursue this goal. To do so would redirect funds needed to provide safe, decent, sanitary housing. This goal was evaluated and it was determined that the lack of adequate funding would make it impossible to accomplish.
--	--

GOAL 6: ENHANCE THE MARKETABILITY OF THE HOUSING STOCK	
Objective	Progress
Achieve maximum neighborhood appeal and develop marketing plans for future success.	This is an on-going goal and is still being implemented in the current 5 year plan.

Other: (list below)

The Housing Authority of the City of Clayton Admission and Continued Occupancy Policy (ACOP) requirements are established and designed to:

1. Provide improved living conditions for very low and low-income families while maintaining their rent payments at an affordable level.
2. To operate a socially and financially sound public housing agency that provides violence and drug-free, decent, safe and sanitary housing with a suitable living environment for residents and their families.
3. To lawfully deny the admission of applicants, or the continued occupancy of residents, whose habits and practices reasonably may be expected to adversely affect the health, safety, comfort or welfare of other residents or the physical environment of the neighborhood, or create a danger to our employees.
4. To attempt to house a tenant body that is composed of families that is representative of the range of incomes of low-income families in our jurisdiction.
5. To ensure compliance with Title VI of the Civil Rights Act of 1964 and all other applicable Federal fair housing laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or familial status.

This year we expect to continue to utilize the funds we receive for our existing programs to house people. We will be focusing on management improvements and modernization. Priorities and guidelines for programs often change from year to year and our decisions to pursue certain opportunities and resources may change over the coming year if there are program changes beyond our control.

3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The following information is taken from the State of Georgia Consolidated Plan Executive Summary and Annual Action Plan.

Executive Summary

The Housing and Community Development Strategic Plan

The Consolidated Plan divides the State's priorities into two categories based on function:

- (1) priorities to directly benefit low and moderate income households and
- (2) priorities to improve the production capacity of Georgia's affordable housing providers.

Public Housing Authorities

The Consolidated Plan Executive Summary provides the following comments relating to Public Housing Authorities in Georgia.

Public Housing Authorities implement a large portion of Georgia's housing assistance effort. Local governments have created 202 PHAs, providing public housing. Seventeen PHAs offer Section 8 rental subsidies. PHAs utilize funds from public housing rent receipts, federal subsidies from HUD, and proceeds from bond issues for some development costs.

Over 108,000 residents live in the 55,834 units of local public housing available across Georgia.

No public housing authorities are operated by the State. Therefore, the State has not developed a plan to encourage public housing residents to become more involved in the public housing management or to become owners of their units. However, the State encourages individual PHAs to develop such a plan with residents. The State also continues to encourage within its programs the transition of public housing residents into private housing living situations.

Action Plan

The following activities are extracted from the State of Georgia Annual Action Plan.

Among the Federal resources available to Georgia (Part VI, Section C) include Section 8 Rental Certificates and Vouchers to address affordable housing needs; HOPE I (Public Housing Homeownership) to address homeownership needs; and for Public Housing, the Comprehensive Grant Program and Public Housing Development funds.

The Priorities and Objectives are listed as follows:

Priority: to increase the number of Georgia's low and moderate income households who have obtained affordable, rental housing which is free of overcrowded and structurally substandard conditions.

Priority: To increase the number of Georgia's low and moderate income households who have achieved and are maintaining homeownership in housing free of overcrowded and structurally substandard conditions.

Priority: To increase the access of Georgia's homeless to a continuum of housing and supportive services which address their housing, economic, health and social needs:

Priority: To increase the access of Georgia's Special Need populations to a continuum of housing and supportive services which address their housing, economic health and social needs.

(This objective includes as an activity the implementation of Georgia's Section 8 Rental Assistance Program and it refers specifically to the Georgia Department of Community Affairs continuing to administer the program in Georgia's 149 counties.)

(4) (Reserved)

Use this section to provide any additional information requested by HUD.

10. Project-Based Voucher Program

- a. Yes No: Does the PHA plan to "project-base" any tenant-based Section 8 vouchers in the coming year? If yes, answer the following questions.
- b. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option?

If yes, check which circumstances apply:

- Low utilization rate for vouchers due to lack of suitable rental units
- Access to neighborhoods outside of high poverty areas
- Other (describe below:)

c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):
