9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004.)

Housing Authority of the City of Buchanan

Statement of Progress in Meeting the FY 2000 – 2004 5-Year Plan Goals and Objectives

The following table reflects the progress we have made in achieving our goals and objectives:

GOAL 1: Enhance the attractiveness and marketability of the housing stock and neighborhoods in order to attract working families	
Objective	Progress
Establish priorities by June, 2000 Promote neighborhood improvement plans for each development Establish role of residents Enforce model neighborhood standards	The objectives concerning establishment of policies and plans were established by the Board of Commissioners and the Executive Director. Drastic curtailment of funding forced the Authority to devote funds to needed improvement of the physical buildings (both interior and exterior) rather than for landscaping, etc. The current year plan calls for landscaping in years 3, 4, and 5.

GOAL 2: The Authority will increase the percentage of units meeting housing quality standards	
Objective	Progress
The preventative maintenance plan will be revised as appropriate. The HQS quality control inspections will be evaluated and methods for improvement will be developed.	The preventative maintenance plan was reviewed and changed as appropriate. The Authority has undertaken the complete modernization of units as they become vacant from the available CFP funds.

GOAL 3: The Authority will strive to achieve its potential as an organization.	
Objective	Progress
The Executive Director will provide budgets for the Authority and chart expenditures for the programs.	This has been accomplished by the Executive Director and the fee accountant.

GOAL 4: Development and implement a plan for economic independence	
Objective	Progress
The Executive Director will explore avenues for the Authority to gain economic independence from HUD	The Authority has evaluated the advisability of this goal and determined that this is not practical for this small of an authority considering the current state of the Federal budget process. This goal is considered completed and not worth expending additional resources to pursue.

GOAL 5: The Authority will increase opportunities for the residents to become self-sufficient	
Objective	Progress
The Authority will make efforts to develop programs to have the residents become independent economically from the Authority	This goal was reviewed by the Board of Commissioners and the Executive Director. Budget shortfalls for all of the years in the original 5 year plan made it necessary for the Authority to NOT further pursue this goal. To do so would redirect funds needed to provide needed maintenance to the physical units.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. a. Substantial Deviation from the 5-Year Plan

“Substantial deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the Housing Authority of the City of Buchanan that fundamentally change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.”

b. Significant Amendment or Modification to the Annual Plan

“Substantial deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the Housing Authority of the City of Buchanan that fundamentally change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.”

b. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The following information is taken from the State of Georgia Consolidated Plan Executive Summary and Annual Action Plan.

Executive Summary

The Housing and Community Development Strategic Plan

The Consolidated Plan divides the State's priorities into two categories based on function:

- (1) priorities to directly benefit low and moderate income households and
- (2) priorities to improve the production capacity of Georgia's affordable housing providers.

Public Housing Authorities

The Consolidated Plan Executive Summary provides the following comments relating to Public Housing Authorities in Georgia.

Public Housing Authorities implement a large portion of Georgia's housing assistance effort. Local governments have created 202 PHAs, providing public housing. Seventeen PHAs offer Section 8 rental subsidies. PHAs utilize funds from public housing rent receipts, federal subsidies from HUD, and proceeds from bond issues for some development costs.

Over 108,000 residents live in the 55,834 units of local public housing available across Georgia.

No public housing authorities are operated by the State. Therefore, the State has not developed a plan to encourage public housing residents to become more involved in the public housing management or to become owners of their units. However, the State encourages individual PHAs to develop such a plan with residents. The State also continues to encourage within its programs the transition of public housing residents into private housing living situations.

Action Plan

The following activities are extracted from the State of Georgia Annual Action Plan.

Among the Federal resources available to Georgia (Part VI, Section C) include Section 8 Rental Certificates and Vouchers to address affordable housing needs; HOPE I (Public Housing Homeownership) to address homeownership needs; and for Public Housing, the Comprehensive Grant Program and Public Housing Development funds.

The Priorities and Objectives are listed as follows:

Priority: to increase the number of Georgia's low and moderate income households who have obtained affordable, rental housing which is free of overcrowded and structurally substandard conditions.

Priority: To increase the number of Georgia's low and moderate income households who have achieved and are maintaining homeownership in housing free of overcrowded and structurally substandard conditions.

Priority: To increase the access of Georgia's homeless to a continuum of housing and supportive services which address their housing, economic, health and social needs:

Priority: To increase the access of Georgia's Special Need populations to a continuum of housing and supportive services which address their housing, economic health and social needs.

(This objective includes as an activity the implementation of Georgia's Section 8 Rental Assistance Program and it refers specifically to the Georgia Department of Community Affairs continuing to administer the program in Georgia's 149 counties.)

- b. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option?

If yes, check which circumstances apply:

- Other (describe below:)

c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):
