B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan

Substantial deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the Housing Authority that fundamentally change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.

The RCHA reserves the right to full fundability in the accomplishment of its goals and objectives in the capital improvement plan. Funds from one year's plan may be utilized to accomplish any work items scheduled during the five-year plan and shall not be considered a substantial deviation. Emergency work items shall take precedence over any scheduled work item and shall not be considered a substantial deviation. Any excess funds remaining after completion of the scheduled work items for the annual plan year may be utilized for future years planned work items, or transferred into the operations account. This shall not be considered a substantial deviation. Capital Funds may be transferred into Operations at any time to prevent the RCHA from being designated as financially troubled.

A change to rent or admission policies, additions of non-emergency items other than transfers to operations, not included in the current Annual Statement of 5-Year Action Plan, and change with regard to demolition, or disposition, designation, homeownership programs or conversion activities shall be considered a significant amendment or modification.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements, such changes will not be considered significant amendments.

ATTACHMENT A

DECONCENTRATION POLICY

It is the RANDOLPH COUNTY Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The RANDOLPH COUNTY Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.
