[903.7(r)]. The City of Solomon Housing Authority has established an excellent track record, receiving a Designation Status of High Performer based on the PHAS Score of 97 for fiscal year 2002. As a small housing authority, we were exempt from PHAS Scoring for fiscal year 2003 but policies and practices were in place to continue this same level of performance. Our customer’s express satisfaction and encouragement on an on-going basis and this is reflected in the PHAS Resident score indicator consistently at 10 or 100% since 1999. The Annual Plan demonstrates efforts to make the “best” better. The Housing Authority will continue to provide optimal services and modernization projects contingent upon available funding. The Authority will remain open to suggestions and address needs expressed by the tenants and the Resident Advisory Board. The City of Solomon Housing Authority will continue to provide affordable, safe, and decent housing while ensuring equal opportunity to all.

9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

The PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004 has been positive and steady.

The first goal was to improve the quality of assisted housing with objectives to increase customer satisfaction and renovate or modernize public housing units. The PHA's PHAS scores have been 95, 94, and 97 for 2000, 2001, and 2002 with 2003 being an exempt year. The score for 1999 was 91 indicating consistent improvement, especially in the physical and financial sub-systems. The management score has remained constant and resident sub-system scores have been 10 or 100% annually. Additionally, all twenty (20) units have had flooring upgrades and updated window treatments to modernize the housing stock.

The second goal was to provide an improved living environment with objectives to deconcentrate poverty, promote income mixing, and implement public housing security improvements. Solomon Housing Authority has only one development which makes deconcentration more difficult. The goal is approached through recruiting appropriate lower and/or higher income families to the waiting list and subsequent move-ins. We currently have a population comprised of 60% extremely low, 35% very low and 5% low-income category breakout. For the current fiscal year, 80% of new admissions were from the extremely low and 20% from very low-income categories. Security improvements implemented have included additional pathway lighting and partnering with local law enforcement regarding awareness.

The third goal was to promote self-sufficiency and asset development of assisted households with the objective of providing or attracting supportive services to increase independence for the elderly or families with disabilities. Home health services continue to be provided to eligible residents, lifeline is available and Solomon Housing has been designated as an SRS Access Point. Dickinson County EMS has provided "Letter of Life" materials to the Housing Authority for distribution to tenants and pertinent information is provided on a monthly basis in the development's newsletter.

The fourth and final goal was to ensure equal opportunity and affirmatively further fair housing with objectives to undertake affirmative measures to ensure access to assisted housing and provide a suitable living environment for families living in assisted housing regardless of race, color, religion, national origin, sex, familial status, and disability; and to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required. Solomon Housing Authority employs non-discriminatory practices in all housing policies, waiting list policies, and activities. We are not currently assisting minorities because they have not made application and the minority population of the area is small. Applicants with disabilities applying for housing are assisted without discriminatory practice and currently 30% of the housed population is classified as disabled.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

- a. Substantial Deviation from the 5-Year Plan: The Solomon PHA will amend its agency plan upon the occurrence of any of the following events during the term of an approved plan:
1. A federal statutory or regulatory change is made effective and, in the opinion of the Solomon Housing Authority, has either substantial programmatic or financial effects on the programs administered by the Authority, or creates substantial obligations or administrative burdens beyond the programs under administration at the start of the Plan year.
 2. Any other event that the Solomon Housing Authority's Board of Commissioners determines to be a significant amendment or modification of the approved annual plan.
- b. Significant Amendment or Modification to the Annual Plan: The Solomon PHA will amend its agency plan upon the occurrence of any of the following events during the term of an approved plan:
1. A federal statutory or regulatory change is made effective and, in the opinion of the Solomon Housing Authority, has either substantial programmatic or financial effects on the programs administered by the Authority, or creates substantial obligations or administrative burdens beyond the programs under administration at the start of the Plan year.
 2. Any other event that the Solomon Housing Authority's Board of Commissioners determines to be a significant amendment or modification of the approved annual plan.

- Other (describe below:)

- c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):
