Deconcentration Policy: Taken from P. 48 of ACOP, Section XXVI

1. **Objective:** The objective of the Deconcentration rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the HAP is to house no less than 40% of its public housing inventory with families that have incomes at or below 30% of the area median income by public housing development. Also the HAP will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments.
2. **Exemptions:** Myers Towers is exempt from the Deconcentration Rule and the actions of this section since public housing developments which house only elderly persons or persons with disabilities, or both are ruled exempt by HUD. Therefore, only the Hames Park and Fairview Court complexes will be covered by this section.
3. **Actions:** To accomplish the deconcentration goals, the HAP will take the following actions:
 - A. At the beginning of each HAP fiscal year, the HAP will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated taking 40% of the total number of move-ins from the previous HAP fiscal year.
 - B. To accomplish the goals of deconcentration:
 - (1) Not less than 40% of the HAP admissions on an annual basis shall be to families that have incomes at or below 30% of area median income, and
 - (2) The HAP shall determine the average income of all families residing in all the HAP's covered developments. The HAP shall determine the average income of all families residing in each covered development. In determining average incomes for each

development, this HA has adjusted its income analyses for unit size in accordance with procedures prescribed by HUD. The HAP shall determine whether or not each of its covered developments falls above, within or below the established income range. The established income range is from 85% to 115% (inclusive) of the average family income, **except that the upper limit (115%) shall never be less than the income at which a family would be defined as extremely low income family.**

Deconcentration Questions:

Does the PHA have any general occupancy (family) public housing developments covered by the deconcentration rule?

Yes

Do any of these covered developments have average incomes above or below 85% to 115% of the average incomes of all such developments?

No

All lease changes have been made and policy approved as part of our ACOP.

Pet Policy Narrative:

Residents are allowed a domesticated animal as a pet. No animal may exceed thirty (30) pounds and must be neutered. A refundable security deposit in the amount of \$250 or one (1) months rent, whichever is greater is required.

Statement of Progress in Meeting 5-Year Plan Mission and Goals:

The HAP is meeting its 5-Year Plan Mission and Goals. We are a high performer and we have developed new low income housing since this time last year. Our crime levels are not higher than surrounding areas and we are screening stringently to decrease evictions due to violations of criminal law. Therefore, we appear to be making good progress towards meeting our mission and goals

Resident Membership on Governing Body:

Dorothy Sykes, Hames Park, Unit #5.

Definition of Substantial Deviation from 5-Year Plan:

A substantial deviation would be a policy that would change the direction of the HAP or change the direction of the organization in adverse relationship to our mission and/or our goals.
