Statement of Consistency with Consolidated Plan

The Medway Housing Authority (MHA) considers all of its programs and services to be consistent with the Consolidated Plan of the Commonwealth of Massachusetts.

In its state and federal housing programs, the MHA serves 209 households of low-income, providing the following types of affordable housing: 70 units of federal elderly/disabled housing; 30 units of federal family housing; 94 units of state elderly/disabled housing; 11 units of state special needs housing; and 4 units of state rental assistance. With the low-moderate income focus of the Consolidated Plan, the MHA plays a major role in its community by serving only extremely low, very low, and low income households and offers this housing to all major population groups—families, the elderly, and the disabled. The MHA works with local, state, and federal agencies on issues and programs affecting the low-income population it serves and will continue to do so in the future.

Furthermore, the lead agency for the Massachusetts' Consolidated Plan is the Department of Housing and Community Development (DHCD), which is also the state's lead agency for state-assisted public housing. Given that the MHA administers 100 units of state-assisted public housing and rental assistance, DHCD and the MHA are in regular contact on issues affecting housing for low-income households.
