**B. Strategy for Addressing Needs**

The Harford County Housing Agency advises all applicants of resources currently available, including but not limited to, programs which are more expedient than the Housing Choice Voucher Program in meeting their needs. Some families, after waiting months on the waiting list, are not successful leasing units due to poor credit rating. In an effort to resolve this problem, the Housing Agency offers credit counseling and budget workshops. Elderly and disabled families are given a preference in order to reduce their time on the waiting list. The Housing Agency's strategy provides assistance to the most vulnerable since there are more families requiring assistance than funding supports.

**(1) Strategies**

**Need: Shortage of affordable housing for all eligible populations**

**Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

## **9. Additional Information**

[24 CFR Part 903.12 (b), 903.7 (r)]

### **A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan**

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000-2004)

Harford County Housing Agency, in conjunction with the Consolidated Plan, has goals to develop viable communities by providing decent housing and suitable living environments and expanding economic opportunities principally for extremely low, low and moderate-income residents. The primary means towards this end is to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in expanding the availability of affordable housing.

We have met this goal by targeting available Housing Choice Voucher assistance to the elderly and families with disabilities. Approximately half of Housing Choice Voucher Program heads of households are elderly/disabled persons, and 57% of assisted families have a disabled household member.

Additionally, we are a HUD-Certified Counseling Agency, that provides homeownership counseling to approximately 500 families annually. Approximately one-third of those families have incomes of less than 50% of AMI.

Other objectives include improving the accessibility of housing. This goal was met by providing loan programs for home renovations and accessibility upgrades for income-eligible citizens and providing education to the disabled community regarding housing options, programs, and services.

We have increased the availability of decent, safe, and affordable housing by outreach to owners in the community. In addition, we have encouraged and supported the development of affordable housing opportunities through non-profit organizations and referred eligible clients to those organizations.
