### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The needs of families on the waiting lists will be addressed largely through re-occupancy of vacated units. The Commission has noticed a recent acceleration in unit turnover resulting from many original, long-term residents moving out. As such, there is no immediate intention on the part of the commission to expand the availability of affordable elderly housing. The commission has, however, expanded the availability of Section 8 Vouchers as part of its designation plan, thereby addressing the need for affordable housing for disabled populations.

#### **(1) Strategies**

**Need: Shortage of affordable housing for all eligible populations**

**Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

**Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

**Need: Specific Family Types: Families at or below 30% of median**

**Strategy 1: Target available assistance to families at or below 30 % of AMI**

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)

**Need: Specific Family Types: Families at or below 50% of median**

**Strategy 1: Target available assistance to families at or below 50% of AMI**

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)

**Need: Specific Family Types: The Elderly**

**Strategy 1: Target available assistance to the elderly:**

Select all that apply

- Seek or maintain designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)

**Need: Specific Family Types: Families with Disabilities**

**Strategy 1: Target available assistance to Families with Disabilities:**

Select all that apply

- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)

**Need: Specific Family Types: Races or ethnicities with disproportionate housing needs**

**Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:**

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

**Strategy 2: Conduct activities to affirmatively further fair housing**

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- Other: (list below)

**Other Housing Needs & Strategies: (list needs and strategies below)**

**(2) Reasons for Selecting Strategies**

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- Funding constraints

- Attached at Attachment (File name)
- Provided below:

### **Resident Advisory Board Comments:**

*(From Advisory Board Meeting)*

#### **Comment/Question: (Townsend Towers)**

Security generally at all five buildings. People propping doors open with rocks and sticks, etc. Can the buildings be staffed at night? What good are security cameras if the resolution is not good?

#### **Response:**

The technology (including recording devices) were the best available at the time they were installed. Newer cameras, located at the proper height for recording activity, with recorder that can store more information longer would be ideal. However, cameras and recording criminal activity, while having some deterrent effect, primarily captures a crime after the fact. Fencing in parking lots, securing and arming first floor doors and windows will have a larger effect on preventing crime and protecting tenants. Parking lot and landscape improvements have been given greater priority in the five year plan, and

cameras will be addressed as part of the larger building fire, security and communications improvements at all properties.

Staffing the properties at night is not possible given shrinking budgets. Immediately, we will seek a proposal from our fire alarm system contractor to install contacts on first floor exterior doors tied to an audible alarm to prevent doors from being propped open.

**Comment/Question: (Kennedy Plaza)**

Carpet in hallways is getting dirty and need cleaning.

**Response:**

Referred to building maintenance staff and custodian.

**Comment/Question: (Kennedy & Sisson)**

Concern expressed about security issues.

**Response:**

Resident strongly favored lowering the priority of window replacement and bathroom renovations in favor of improved security. See response to question #1 above.

**Comment/Question: (Sisson)**

Laundry room--They would like us to furnish the laundry room with a large capacity washer and dryer for their large comforters and rugs so they don't have to take them to the laundry mat.

**Response:**

Specifications currently call for installation of a larger front loading, commercial washer. Management will include the larger size, front loader in the specifications for bid if possible and space allows. Such a machine will also assist the physically handicapped.

**Comment/Question: (Sisson)**

Complaint about shopping carts from local stores in the building hallways.

**Response:**

Because of tripping hazards and fire egress issues, building rules prohibit bringing shopping carts into the building other than personal folding carts that can be stored in apartments. Residents should direct complaints to building staff or identify the parties responsible and report the violators to housing management. We will also remind residents in the monthly newsletter.

**Comment/Question: (Sisson)**

Question about hallway windows. Are the "tent" type windows a violation of fire code, as they prohibit use in the event of a fire?

**Response:**

Tent type windows would only be used on the first floor areas where security is an issue when access can be gained from the ground level. Windows in hallways with either be double hung or sliders, so this is not an issue.

**Comment/Question: Townsend Towers (joined by others)**

Can plugs be installed on balconies (for exterior lighting)?

**Response:**

The only plug that could feed such an outlet is currently being used for 220 volt air conditioning outlets in each bedroom. The entire breaker would have to be changed to 110 volt and would require that most residents change air conditioners to 110 volt as well. We will consider this on a case by case basis.

**Comment/Question:**

The west end of the city has experienced numerous supply problem with electricity from DTE and numerous outages. Members again discussed the possibility of replacing the existing emergency generator with a large one or installing an additional generator for heating the buildings in winter and providing for water during an outage.

**Response:**

All were strongly in favor of this and would this included as soon as possible for all buildings. Work item will be brought forward and included in the 2005 CFP.

**Public Comments - No public comments received as of close of public comment period – December 19, 2005**

3. In what manner did the PHA address those comments? (select all that apply)
