[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004.

Coldwater Housing Commission and the public housing residents we serve appreciate the financial support HUD has provided to us through the Capital Fund Program. With this, Coldwater Housing Commission has made considerable improvements to the property, accomplished specific objectives, and reached a number of goals set for the period FY 2000 -2004. Coldwater Housing Commission is pleased to report the following progress made against the goals and objectives established in the previous 5-Year Plan.

Goal 1 has continually been met each fiscal year. Coldwater Housing Commission has operated in full compliance with applicable statutes and regulations. We have had no audit findings, achieved status as a High Performer by HUD, and we have reduced waiting list time to less than three months.

Goal 2, to increase the availability of affordable, suitable housing for qualified families, is ongoing and included as a goal for FY2005 – 2009. Coldwater Housing Commission shall continue to pursue opportunities to build or acquire more rental affordable housing units or Section 8 HC vouchers. However, as a small PHA, we are severely hindered by funding and staffing constraints. With this in mind, Coldwater Housing Commission will continue to collaborate with agency partners addressing housing and homelessness issues in our community, including active participation in the Continuum of Care.

Goal 3, to enhance the marketability of Coldwater Housing Commission's public housing, continues to be met. Proper curb appeal for the project is evident with specific improvements such as landscaping enhancements, refurbished parking lots, an area designated for pets, and the addition of a three-season room. Coldwater Housing Commission and its staff set high priorities for preventative maintenance, attention to detail in unit turnovers and emphasis on cleanliness. Feedback from applicants regarding the condition of the property is consistently positive.

Goal 4, to provide a safe and secure environment, continues to be met through updated technology changes made in the public housing building security system. In addition, the Housing Commission's staff works closely with local law enforcement agencies to ensure a protected environment for its residents.

Goal 5, to expand the range and quality of housing choices available to participants in the tenant-based assistance program, continues to be a priority. Coldwater Housing Commission provides regular program orientation opportunities for applicants on the Section 8 HCV waiting list and makes every effort to foster positive relationships with current and potential landlords.

Goal 6 & 7, to maintain the real estate in a decent condition and to deliver timely and high quality maintenance service to the residents, continues to be met. During FY 2000 – 2004, Coldwater Housing Commission has achieved high scores through compliance with the uniform standards of HUD's Public Housing Assessment System (PHAS). Response time for emergency and routine work orders is consistently within the designated parameters.

Goal 8 & 9, to operate the Coldwater Housing Commission in full compliance with all Equal Opportunity laws and regulations; and to ensure full compliance with all applicable standards and regulations including government generally accepted accounting practices, have been met. Evidence that Coldwater Housing Commission continues to abide by fair housing practices and operates in an efficient, cost-effective manner is found in high assessment scores and no audit findings during FY 2000- 2004.

Goal 10, to enhance the image of public housing in our community, has been met. Coldwater Housing Commission is managed in an efficient, ethical and professional manner. A variety of programs are provided for its public housing residents and the Housing Commission makes certain that there are positive stories about these activities and the residents in the local media.

Goal 11, to improve access of public housing residents to services that support economic opportunity and quality of life, continues to be a priority for the Housing Commission. Public housing residents are encouraged to become active members of the Resident Advisory Board (RAB), to participate in programs offered by the Housing Commission, and to take advantage of services offered by community agencies.

It's key priorities include supporting rental and owner housing rehabilitation programs, down-payment assistance and homeownership programs, homeless assistance programs, and the development of affordable special needs housing. In this way, the State partners with the Housing Commission.

Coldwater Housing Commission has established the same priorities as the State of Michigan's Plan. This plan incorporates maintaining its supply of decent, safe and sanitary rental housing that is affordable for low, very low and moderate income families and to modernize housing for occupancy by low and very low income elderly and/or disabled families.

Coldwater Housing Commission's administrative staff actively participates with the Branch County Housing and Homeless Coalition, a sub-committee of the Family Services Network (the multi-human service-agency collaborative body), which coordinates the Continuum of Care Plan for Branch County.

Any change that fundamentally alters the Commission's mission or goals and objectives as determined by the Commission will be submitted to HUD, the public, residents, and the State using the process required under the Annual Plan.
