1. Statement of Housing Needs [24 CFR Part 903.12 (b), 903.7(a)]

**A. Housing Needs of Families on the Public Housing and Section 8 Tenant- Based Assistance Waiting Lists
needs assessment RESPONSE**

The Quality Housing and Work Responsibility Act of 1998 requires that housing authorities set forth in our Annual Plan a Needs Assessment of the housing needs of our jurisdiction and our waiting list. We do not see a need for additional subsidized housing at this time.

Waiting lists for entities providing subsidized housing indicates the market is saturated in our City. Both USDA and HUD Assisted Housing have vacant units which are difficult to fill. Due to our beautiful location, on the shore of Lake Superior, we have a larger waiting list even though the other subsidized programs have vacancies. The one bedroom is the largest waiting list, however when a vacancy occurs, we have to go down as many as 8 applicant to fill it. The most common reason for turndown is they are not ready to move yet. Our family unit's waiting list is short because they normally don't apply until a vacancy occurs. Also per the requirements, we have attached data and tables that provide an analysis of our waiting list.

Our community has 25 Housing Choice Vouchers to subsidize rents for eligible applicants. This program is also offered within the County by MSHDA. This year we are struggling to fill our 25 vouchers, but that is in part due to requirements not permitting over leasing.

Our agency is part of the entire effort undertaken by the City, County and Non-Profits to address our jurisdiction's affordable housing needs. As stated above, we do not see a need for additional affordable housing at this time. We will try to address some of the identified needs by using appropriate resources to maintain and preserve our existing stock. When appropriate and feasible, we will apply for additional grants and loans from federal, state and local sources, including private sources to help add to the affordable housing available in our community. We intend to work with our local partners to try to meet these identified needs.

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004.

The Munising Housing Commission mission statement was to be the area's affordable housing of choice. To provide and maintain safe, quality housing in a cost effective manner. We offer rental assistance and other related services to our community in a non-discriminatory manner. We have accomplished most of our goals and continue to strive for improvement. We have managed the existing public housing program in an efficient and effective manner and have been recognized as a high performer and we hope to continue to perform at those levels in the future. We have through aggressive screening procedures provided a safe and secure environment for our residents. We have had some minor crime problems but not above that of the community average. We will continue in these efforts and have excellent relations with the local police. To expand the range and quality of housing choices available we have sustained a lease up rate of 95% of Housing Choice Vouchers in the last 3 years. We are finding it more difficult with the new constraints of not being able to over lease to catch up with the shortfalls and the budget constraints recently implemented by HUD. This has also caused us to bring our payment standards back to fair market rents which limit our participants from the better housing in the area. We will increase the payment standard above FMR as soon as the funding allows it. With the anticipated utility rate increases this winter, it will be extremely difficult to perform at our present rate. We have aggressively expanded our list of new landlords which has increased by 34 and the original goal was 10.
