- For all developments
- For all general occupancy developments (not elderly or disabled or elderly only)

- Any time a family experiences an income increase above a threshold amount or percentage: (if selected, specify threshold)_____
- Other (list below)

(2) Flat Rents

a. In setting the market-based flat rents, what sources of information did the PHA use to establish comparability? (select all that apply.)

- The section 8 rent reasonableness study of comparable housing
- Survey of rents listed in local newspaper
- Survey of similar unassisted units in the neighborhood
- Other (list/describe below)

B. Section 8 Tenant-Based Assistance

Exemptions: PHAs that do not administer Section 8 tenant-based assistance are not required to complete sub-component 4B. **Unless otherwise specified, all questions in this section apply only to the tenant-based section 8 assistance program (vouchers, and until completely merged into the voucher program, certificates).**

(1) Payment Standards

Describe the voucher payment standards and policies.

a. What is the PHA's payment standard? (select the category that best describes your standard)

- At or above 90% but below 100% of FMR
- 100% of FMR (0 BR is 110%, 1 and 2 BR are at 100%, 3 or above are at 90% due to funding)*
- Above 100% but at or below 110% of FMR
- Above 110% of FMR (if HUD approved; describe circumstances below)

*We had to make the above adjustment due to HUD's new method of funding for voucher housing assistance payments. The cost of the 3 bedroom or larger units in our jurisdiction are significantly higher than the current funding from HUD. In the future, we hope that we can increase all bedroom payment standards back to 110% of the FMR's. This will allow voucher holders greater access to a larger selection of neighborhoods; however, we want to continue to subsidize the maximum number of families and felt our only recourse, due to our funding level, was to adjust each bedroom size and monitor success rates.

b. If the payment standard is lower than FMR, why has the PHA selected this standard? (select all that apply)

- FMRs are adequate to ensure success among assisted families in the PHA's segment of the FMR area
- The PHA has chosen to serve additional families by lowering the payment standard
- Reflects market or submarket
- Other (list below) due to funding cuts and actual cost of subsidizing 3 bedroom or larger units

c. If the payment standard is higher than FMR, why has the PHA chosen this level? (select all that apply)

- FMRs are not adequate to ensure success among assisted families in the PHA's segment of the FMR area
- Reflects market or submarket
- To increase housing options for families
- Other (list below)

d. How often are payment standards reevaluated for adequacy? (select one)

- Annually
- Other (list below) In the past it has been annually, but with the reduction in funding it may need to be more often in the future. Also, we will continue to evaluate on an ongoing basis the ability of families to lease units in areas of deconcentration, pursue homeownership, and other market conditions that may warrant an increase in those we have been reduced to 100% or below. Our goal is to continue funding the maximum number of families we have subsidized in the past. If families are unable to find and lease units, we will readjust our payment standards within the limits of our funding from HUD.

e. What factors will the PHA consider in its assessment of the adequacy of its payment standard? (select all that apply)

- Success rates of assisted families
- Rent burdens of assisted families
- Other (list below) The ability of families to participate in homeownership program and lease in locations not considered to be areas of minority concentration.

(If "No", skip to the next component; if "yes", complete each program description below (copy and complete questions for each program identified.)

(2) Program Description

a. Size of Program

- Yes No: Will the PHA limit the number of families participating in the Section 8 homeownership option?

The program will have a self-limiting factor built-in—income, ability to get a loan, etc.

If the answer to the question above was yes, what is the maximum number of participants this fiscal year? 25

b. PHA-established eligibility criteria

Yes No:

Will the PHA's program have eligibility criteria for participation in its Section 8 Homeownership Option program in addition to HUD criteria?

If yes, list criteria below:

NOTE: We are checking "no" at the present time. We are in the process of designing the program and are uncertain of the need to establish additional criteria. However, we do not rule out the need to establish additional criteria to make the program work. We are seeking feedback from agencies that have the program and will study their suggestions. One area of concern is the ability to maintain the house in the future as major systems start to fail or need a costly repair or replacement. Since the program is so new we have not been able to get feedback about this potential problem. This is just one area of real concern for us. Another area of concern for us using minimum wage as a base income limit. We are a member of the Chatham County Affordable Housing Coalition and will try to get feedback from Habitat, USDA and NCHFA about their success rates with various household income to see where they have the greatest overall success rate and may adjust the income limit for family that are not elderly or disabled.

c. What actions will the PHA undertake to implement the program this year (list)?

1. Study family income and its effect on the long-term success of homeownership (is the monthly mortgage payment paid by due date each month, ability to pay ins., taxes, and maintenance costs, etc). What is the minimum income needed to achieve this success.
2. Research existing HCV Homeownership programs best practices.
3. Update administrative plan chapter on homeownership if research suggest changes.
4. Develop or modify the process and forms for the program.
5. Work with Habitat to see if we have families qualifying for their homes.
6. Network with the local banks and other lending institutions in our area regarding their loan packages for first time homebuyers. Also, explain this program to them. Network with USDA and NCHFA for funding.
7. Partner with non-profit organizations and develop in-house systems for homeownership training, counseling, financial counseling and maintenance education to maximize a family's chance of becoming a successful homeowner.

(3) Capacity of the PHA to Administer a Section 8 Homeownership Program

The PHA has demonstrated its capacity to administer the program by (select all that apply):

- a. Establishing a minimum homeowner downpayment requirement of at least 3 percent of purchase price

and requiring that at least 1 percent of the purchase price come from the family's resources. However, this will be waived for families obtaining a Habitat for Humanity home, as Habitat does not require a downpayment from a family buying one of their homes. In lieu of this downpayment CCHA will consider the closing cost Habitat requires the family to prepay as meeting this requirement.

- b. Requiring that financing for purchase of a home under its Section 8 homeownership will be provided, insured or guaranteed by the state or Federal government; comply with secondary mortgage market underwriting requirements; or comply with generally accepted private sector underwriting standards.
- c. Partnering with a qualified agency or agencies to administer the program (list name(s) and years of experience below).
- d. Demonstrating that it has other relevant experience (list experience below).

8. Civil Rights Certifications

[24 CFR Part 903.12 (b), 903.7 (o)]

Civil rights certifications are included in the *PHA Plan Certifications of Compliance with the PHA Plans and Related Regulations: Board Resolution to Accompany the Standard Annual, Standard Five-Year, and Streamlined Five-Year/Annual Plans*, which is submitted to the Field Office in hard copy—see Table of Contents.

9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 – 2004.

CCHA has updated it five-year plan annually except for last year. The following is a recap of some of the highlights of the agency's accomplishments:

Goal: Expand the supply of assisted housing.

Apply for additional rental vouchers: CCHA applied for and received 37 vouchers in 2000.

Goal: Improve the quality of assisted housing.

Improve voucher management: We have been a high performer each year.
Concentrate on efforts to improve specific management function: We continue to work on this goal on an on-going basis. As regulations and funding change we must continue to adapt. We are reviewing our current method of in-take for applications to adapt to our inability to hire additional staff with the reduction in administrative fees. We are trying to develop a system that gets the job completed with fewer people and have gone to case management.

Goal: Increase assisted housing choice.

Provide voucher mobility counseling: We have had 116 families use portability since we began keeping a written record in November 2000.

Conduct outreach efforts to potential voucher landlords: We have added 222 new owners since 2000.

Increase voucher payment standards: We had increased our voucher payment standards to 110% on all bedroom sizes; however, due to funding restrictions we have had to reevaluate and vary the percentage of change from published FMR's. We are currently at 110% for our 0-BR, 100% for 1BR and 2-BR and 90% for 3-BR and above. The reduction in the 3-BR and above payment standards was a result of the high cost of large units in our jurisdiction, especially in the northern and eastern part of the county due to the proximity to Wake, Durham and Orange counties which are high cost areas. However, these are areas of low minority concentration and we were able to help families in these areas where we had not been able to in the past. We hope in the future that funding will allow us to again increase our payment standards to 110% in all bedroom sizes to allow the maximum flexibility in housing choices for our voucher holders.

Implement voucher homeownership program: We are a member of the Chatham County Affordable Coalition and have partnered with other members of the Coalition to increase the availability of homeownership options for our families. We have had families receive downpayment assistance from EmPOWERment, Inc. using funds from NCHFA, financial and homeownership counseling and assistance in negotiating and purchasing mobile homes and stick-built houses. We have had five families get homes from Chatham County Habitat for Humanity; and of our seventeen FSS graduates since 2000 eight have bought homes. We continue to work to make homeownership an option. Our new FSS Coordinator was the homeownership trainer and counselor at EmPOWERment, Inc. and is already working with FSS families on their financial counseling and homeownership counseling. We have a several families scheduled to get Habitat homes in the next few months.

Goal: Promote self-sufficiency and asset development of assisted households.

Increase the number and percentage of employed persons in assisted families: Of the families currently receiving assistance, 41% have earned income, 26% are disabled and have social security disability or other disability income, 11% are elderly with income from social security, 7% are elderly/disabled with social security income and the remaining 15% are at minimum rent of \$50. Of the minimum rent families only six have zero income.

Provide or attract supportive services to improve assistance recipients' employability: We are members of the JOBLINK group whose members include a cap agency that does training and job skills assessment, employment security, the school system and community college, along with other county resources to help facilitate access to job training and employment. Child Care Network is a member of the JOBLINK group that does day-care assistance to help families

Provide or attract supportive services to increase independence for the elderly or families

with Disabilities: We are part of a group the health department organized that meets quarterly. It is made up of the majority of agencies in the county that provide support or other services for families. These meetings inform other agencies of the service they provide and how to utilize them. These agencies include services for the elderly, handicapped, disabled or fragile families. The Chatham County Council on the Aging is part of this group and is a valuable resource.

Other: Work with families in the FSS program to reach their goals, graduate and become self-sufficient: During the 5 year period since receiving an FSS Coordinator grant successfully, during which the grant increased to a full-time position from a twenty hour/week position we have seen the program improve 100%. During the last year alone the FSS escrow account increased by 217% in a twelve month period and we had two families graduate. We feel this program has greatly increased the options of our families. As the Coordinator sorted out the people who a part-time employee had signed up in 1996 with no follow-up due to elimination of the position (before we were funded for a coordinator) and began counseling the more serious participants we have seen vast improvement in this program. Since 2000 we have had 16 families graduate whose careers have varied from school principal, schoolteacher, administrative assistance and graduate student. Eight of these graduates have become homeowners. Other graduates we are still working with for their homeownership option—for, example one has a child in college and did not feel a mortgage was doable while the child was in school. We have just hired a new coordinator who worked for the non-profit we partnered with for our financial and homeownership and who is already working with several FSS families regarding their finances. We feel we will now be able to move ahead with our homeownership voucher program.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan

Any change that will substantially negatively impact a majority of Section 8 participants or waiting list applicants, unless that change is necessary because of funding constraints or regulatory changes.

b. Significant Amendment or Modification to the Annual Plan

Any change that will substantially negatively impact a majority of Section 8 participants or waiting list applicants, unless that change is necessary because of funding constraints or changes in regulations.

C. Other Information

[24 CFR Part 903.13, 903.15]

(1) Resident Advisory Board Recommendations

a. Yes No: Did the PHA receive any comments on the PHA Plan from the Resident Advisory Board/s?

If yes, provide the comments below:

b. In what manner did the PHA address those comments? (select all that apply)

- The PHA is located in a State that requires the members of a governing board to be salaried and serve on a full time basis
- The PHA has less than 300 public housing units, has provided reasonable notice to the resident advisory board of the opportunity to serve on the governing board, and has not been notified by any resident of their interest to participate in the Board.
- Other (explain):

Name and title of appointing official(s) for governing board (indicate appointing official for the next available position): The Chatham County Board of Commissioners appoints the Board for CCHA. The commissioners make the appointments on a rotating basis.

(3) PHA Statement of Consistency with the Consolidated Plan

[24 CFR Part 903.15]

For each applicable Consolidated Plan, make the following statement (copy questions as many times as necessary).

Consolidated Plan jurisdiction: North Carolina

a. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply):

- The PHA has based its statement of needs of families on its waiting list on the needs expressed in the Consolidated Plan/s.
- The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)
- Other: (list below)

b. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and

commitments:

In consulting the Consolidated Plan we found that the greatest needs for families with incomes from zero to 30% range and 31 to 50% range had the highest priority. These families are nonhomeless persons with special needs and renters with family income in these ranges. Of the families we serve each year 75% are in the zero to 30% income group and the other 25% are in the 31-50% income group. Also, we have given extra preference points to the elderly, disabled and working families.

(4) (Reserved)

10. Project Based Voucher Program

- a. Yes No: Does the PHA plan to “project-base” any tenant-based Section 8 vouchers in the coming year? If yes, answer the following questions.

- b. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option?

If yes, check which circumstances apply:

- Low utilization rate for vouchers due to lack of suitable rental units
- Access to neighborhoods outside of high poverty areas
- Other (describe below:)

- c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):

ADMISSIONS POLICY FOR DECONCENTRATION

DECONCENTRATION POLICY

The Chatham County Housing Authority is a Section 8 only PHA. It is our policy to provide for deconcentration of poverty and encourage income mixing by bringing lower income families into higher income areas.

The Chatham County Housing Authority will affirmatively market our program to all eligible income groups. Very low income families will not be steered toward very low income neighborhoods, but will be encouraged to move to higher income areas with more opportunity.

The Chatham County Housing Authority will affirmatively market our program to owners of property in neighborhoods that offer opportunity, low crime rates, and family incomes of at least a lower to median income level.

Families will be encouraged to move to neighborhoods or areas that will give them the greatest access to these opportunities. At Voucher briefings the family will be encouraged to consider these neighborhoods, given tips on how to find units in these areas, and briefed on interviewing skills that will be helpful with the owners/property managers in these areas

Each year we will review the progress we have made in helping families move to these areas. We will then take marketing efforts to improve in areas the data indicates weakness, for ex. more aggressive marketing to owners.
