## B. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families on the PHA's public housing and Section 8 waiting lists **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy. ---Based on current and past occupancy percentages no waiting list is expected to be opened.---

### (1) Strategies

#### **Need: Shortage of affordable housing for all eligible populations**

#### **Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below) This agency has pursued and will continue to pursue an aggressive marketing strategy to eliminate excessive vacancies. We employ effective maintenance and management policies and minimize turnover time though these measures cannot help or prevent a stagnant or declining population base and glut of available housing throughout the community.

#### **Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed -

finance housing

- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below) Based on past income factors at time of admittance to public housing, this authority fully expects to be well within HUD mandated requirements concerning income targeting, but with a chronic vacancy issue also recognizes the inadvisability of turning away any qualified applicant in need of housing.

**Need: Specific Family Types: Families at or below 30% of median**

**Strategy 1: Target available assistance to families at or below 30 % of AMI**

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing

- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below) Continue to offer free meeting space for employment training firms, counseling and other related organizations or activities.

**Need: Specific Family Types: Families at or below 50% of median**

**Strategy 1: Target available assistance to families at or below 50% of AMI**

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below) Continue to offer free meeting space for employment training firms, counseling and other related organizations or activities.

**Need: Specific Family Types: The Elderly**

**Strategy 1: Target available assistance to the elderly:**

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below): Continue to emphasize Parkview Village as an elderly-centered apartment complex.

**Need: Specific Family Types: Families with Disabilities**

**Strategy 1: Target available assistance to Families with Disabilities:**

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)

**Need: Specific Family Types: Races or ethnicities with disproportionate housing needs**

**Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:**

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below) Ord, Nebraska continues a racial demographic exceeding 99% White with no identified or specific housing requirements concerning any minority group.

**Strategy 2: Conduct activities to affirmatively further fair housing**

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- Other: (list below)

## **9. Additional Information**

[24 CFR Part 903.12 (b), 903.7 (r)]

### **A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan**

*(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000-2004.)* Ord Housing Authority has adhered to and achieved the goals and requirements set forth in the last Five-Year Plan filed by this agency while maintaining a strict adherence to our own Mission Statement to improve the life circumstances faced by many in this small, very rural, farming community. An important goal stated in the last plan was to improve our occupancy from an average in the mid-eighty percentile range. As of the end of our 2004 fiscal year, our occupancy percentage stood over 93%. While not the perfect 100% that is desirable, this is still a marked increase in a community that has lost more than 13% of its population within the past 15 years. Additionally, this occupancy has been achieved during a period in which the community has seen an increase of more than 50 units in its elderly and assisted living facilities.

Two housing authority owned units were sold to qualified buyers during the life of this plan to both meet the needs of the families involved, and to achieve a stated goal of this agency to better size itself to the needs of the community.

Our goal to achieve and maintain a "High Performance" rating has been met. Our "customer satisfaction" numbers have remained high and an immense amount of property betterment has been achieved over this period. Since 1998, Ord Housing Authority has received \$1,424,425 in capitol improvement money and has expended \$1,189,487 of those grants to improve the quality of its real estate and the satisfaction and lives of its residents.

Security has been enhanced at our predominantly elderly Parkview Village with the installation of new emergency alarms. We have regularly provided space for service agencies to meet internally, or to meet with service recipients, or to conduct job skills workshops for the disadvantaged.

As is evidenced by the capital improvement projections for the coming years, it is the intent of this agency to continue to move forward with the goal to always maintain a safe and decent environment for the individuals who depend upon us to meet their housing needs.

### **B. Criteria for Substantial Deviations and Significant Amendments**

#### **(1) Amendment and Deviation Definitions**

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. - a. Substantial Deviation from the 5-Year Plan -- A substantial deviation from the 5-year Plan occurs when the Board of Commissioners decides that it wants to

change the mission statement, goals or objectives of the 5-year Plan.

b. Significant Amendment or Modification to the Annual Plan – Significant amendments or modifications to the Annual Plan are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of the Board of Commissioners.
