[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004)

The DHA has made significant strides in the past five years. The capital fund improvements are as follows:

63-1 – Steger Apartments – A major capital site improvement of a new parking lot was completed. It was expanded to giving an increased number of parking spaces. Security cameras were installed on the light poles and the building is now a gated community. Another site improvement was the installation of a new sanitary sewer line from the building to the main. Building improvements included the installation to all apartments of new kitchens, bathroom sinks, medicine cabinets, light bar and an addition of a cupboard to the bathroom.

63-2 – Court Apartments – The major renovation of each apartment is still in progress. Nineteen (19) about to be 21 of 39 scheduled units are completed. Five units are in waiting and 13 are left to go. The goal of building demolition was not achieved. It is scheduled for completion early in this next five years. A new playground was installed and additional property was purchased for more green space and new fencing was installed.

63-4 – Bell Towers – New intercom system was installed; handicapped accessible controls were installed; new roof was installed; about half of the apartments received new flooring; an addition was added to the building to house an elevator and a small sitting room on each floor.

63-4 – Smith Court and Scattered sites – New roofs were installed on all buildings, new flooring installed in 98% of the units; two buildings were resided, 14 kitchens were replaced and 15 bathtubs were replaced; scattered site driveways were improved.

63-5- Second Street Apartments – All buildings were resided; deadbolt locks installed on entry doors; a tot lot playground was installed at one site.

Other goals: One house has been purchased in goal for replacement of units scheduled for demolition.

The DHA received a ROSS grant for Homeownership Supportive Services. The DHA has partnered with Chautauqua Home Rehabilitation & Improvement Corporation (CHRIC) to assist interested residents with the homeownership process.

This year we partnered with DSS and the United Way to offer free income tax service to residents to insure that they take advantage of the earned income tax credit benefit. This is a great incentive to keep our residents working.

The DHA has not been successful in achieving the goal of getting another Neighborhood Watch established. In the security department in addition to the Steger parking lot cameras, cameras have been purchased but have not been

installed yet for Court Apartments dumpster area and parking lot. In conjunction with DSS, Chautauqua Works and a slight increase in the number of minimum wage jobs available, more of the DHA family unit residents are employed. Where the DHA in prior years received 30 to 40 voucher rent payments from DSS, there has been a decrease in the number of vouchers to less than 15 households. The DHA has noticed an increase in the number of households that are disabled. The DHA still remains diversified in the race/ethnicity make of the residents.
