Other PHA Goals and Objectives: (list below)

The City's collaboration with Hudson River Housing (HRH), Dutchess County Department of Planning and Community Development, a private developer, and a local bank to develop and implement the Garden Street Revitalization Project. This Project has resulted in twenty- five affordable rental units. The second phase created seven two family first-time homeowner opportunities.

HRH has completed the rehabilitation of the property known as Harlow Row on Little Market Street. The properties consist of four historic buildings that have been revitalized with funding through NYSDHCR, NYS Historic Tax Credits and HOME funding. The property consists of 8 dwelling units and 4 commercial spaces.

The City of Poughkeepsie's Section 8 Housing Choice Voucher Program allows us to offer 655 subsidies to extremely low -income families. Rental units occupied by our Section 8 participants are located throughout the City.

Annual site visits to all Section 8 rental units are required prior to an annual recertification. The City of Poughkeepsie goes further in assuring Housing Quality Standards are met by following up immediately on any report of violations and also conducting random spot inspections where problems are suspected.

Promoting the Family Self-Sufficiency to all Section 8 Housing Assistance recipients. This program offers opportunity for education, job training, and public services with the primary goal of financial and personal independence from government assistance.

An Economic Development Loan Fund (EDLF) offers low interest loans to new and expanding businesses in the City that will create jobs for low-income City residents. The City has the services of the Small Business Development Center and SCORE who assist potential new business owners with the preparation of a business plan.

The City of Poughkeepsie Property Development Office actively markets City-owned properties, with priority sales given to potential owner/occupants. These are parcels the City has acquired due to non-payment of taxes, many of which are in serious disrepair. The City works with potential buyers who can establish their ability to renovate the property within one year, placing the property back on the tax rolls while adding to the City's housing stock.

STATEMENT OF PROGRESS IN MEETING THE PHA 5 YEAR PLAN MISSION GOALS;

The City of Poughkeepsie has made significant strides during 2004 toward meeting its PHA 5 year plan admission goals.

FSS Coordinator Funding:

The City applied for and was awarded funding to cover the cost of the Family Self Sufficiency Coordinator. The City contracts with Hudson River Housing to recruit and counsel our FSS participants.

Leveraging of Private Funds:

Private investment in residential buildings has been steadily increasing in the City of Poughkeepsie. The sale of these properties is approved after the financial viability of the purchaser is established as well as the proposed use for the property. This important step insures a beneficial impact on the community in a timely fashion.

Privatization:

The privatization of two State-funded housing authority complexes has greatly improved the quality of housing stock in the City. The two complexes, one a high rise, one a series of garden apartments, were purchased by a private organization who invested approximately \$7 million dollars in renovations. In cooperation with

the Poughkeepsie Housing Authority and the private organization, the City has converted 94 of our tenant-based vouchers to Project based assistance, to aid the success of this privatization effort. The City has worked closely with HUD, the Housing Authority and the private developer to ensure regulatory compliance during these procedures.

Voucher Payment Standards:

In 2004, the City of Poughkeepsie used 100% of the fair market rent as the Payment standard for the Section 8 Housing Program. Due to the recent funding cuts, and the proposed reduction in the FY 2005 Fair Market Rents, the city plans to utilize 110% of the FMR.

Site Inspections and Follow Up:

Aside from the annual recertification inspections that the City conducts for each of its Section 8 Program participants, and the re-inspection when violations are cited, an average of 20 – 30 special inspections are performed monthly. These inspections result from complaints by tenants or landlords and are acted on for immediate resolution. Depending on the violations identified in any given unit, failure to correct may result in the HAP contract termination.

Resident Advisory Board:

The City of Poughkeepsie continues its efforts to form a Resident Advisory Board. Unlike Public Housing, our Section 8 Program is primarily tenant based. Our Program participants do not live in one particular “neighborhood” and, therefore, do not necessarily have common concerns. In addition, due to the confidentiality of the program, most of our participants protect their anonymity and do not care to gather in a room with other participants where they can be identified as a Section 8 participant. We feel it may be most effective for us to solicit our program participants who have enlisted in our Family Self Sufficiency Program (FSS). These households are usually more likely to get involved in issues that would affect all participants.

Executive Summary of the Annual PHA Plan

The City of Poughkeepsie has made great strides toward its mission of increasing the availability of affordable housing to low-income families. As identified in our Housing Agency Plan, we have every intention of continuing to look for new, innovative ways to achieve greater results.

-HOME First Time Homebuyer Program- offers income eligible families up to \$8,000.00 in down payment and closing cost assistance in the form of a 0% deferred loan that is forgiven after a ten year compliance period.

-HOME Rehabilitation Grant Program for Low-Income Seniors are grants up to a maximum of \$5, 000 funded through the City of Poughkeepsie HOME consortium with Dutchess County. This program benefits senior citizens who are income eligible and are owner-occupants of one, two or three family homes located in the City of Poughkeepsie. The payment free grant is for life safety hazards, code violations or minor building rehabilitation.

-Economic Development Loan Fund (EDLF) offers low interest business loans for new and expanding businesses within the City.

The City has also taken an active role in collaborative projects that will act as demonstration projects that can be replicated in neighborhoods throughout the City. These projects include:

Garden Street Revitalization Project – renovation has been completed on ten city-owned buildings in partnership with Dutchess County, a private developer, Hudson River Housing and local lending institutions resulting in twenty-five affordable rental units and seven two family first time homebuyer opportunities.

The 400 Block Main Street Demolition Project- demolition and clearance of city-owned buildings to be replaced with 54 units of affordable residential housing and 13 retail store front units.

Ten House Initiative- agreement between the City and Hudson River Housing to turn over City-owned residential properties for renovation by the non-profit and sale as first-time homebuyer opportunities.

Harlow Row- Four city-owned properties transferred to Hudson River Housing that have been renovated as eight affordable Apartments. Funding was through the Low Income Housing Tax Credit Program, Home funds and a UDAG Loan

Landlord Training Workshops- provides information for the City's property owners on safety, building, zoning and legal issues, and explains our Section 8 Program to potential new landlords.

All of the above initiatives have been positively impacted the City's affordable housing stock. The latest rental survey conducted by the Dutchess County Department of Planning, indicates that the vacancy rate for City rental units at about 2%. The City will continue to take part in collaborative projects and look for innovative methods that will increase affordable housing options to City residents.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available

- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

Encourage Support Programs providing outreach and assessment to homeless families and individuals at risk of being homeless.

The provision of support services to those families currently homeless, through agencies like Hudson River Housing and Dutchess Outreach, will assist them in becoming economically and socially self sufficient .Such support services include counseling, referral services, case management, financial counseling and educational instruction. These services are provided by five social service agencies funded, in part, by CDBG.

The City will continue to work with the Dutchess County Housing Consortium in their annual effort to secure funding through HUD Super Nofa Program. The Consortium is made up of providers from all aspects of homeless services and housing and has been awarded funding several years running. The emphasis of the Consortium and this funding program is the provision of a continuum of care for homeless families and individuals, and special populations.

The City addresses the problems experienced by the poverty level families through the network of support services offered by various private and municipal agencies. These agencies provide counseling, nutrition and health care programs, as well as skill building programs that lead to employment opportunities. The City will continue to support these agencies and assist them to build their capacity so they can serve additional families.

D. Other Information Required by HUD

Project Based Voucher Program: The City of Poughkeepsie received approval from HUD to convert 94 of its Section 8 Tenant Based Vouchers to Project Based Vouchers. This approval came as a result of the City following all of the requirements listed in 24 CFR Part 983, regarding the conversion procedures. These 94 vouchers comprise less than 14% of our total number of vouchers, 655. The conversion approval was requested as part off the privatization of two formerly State-funded housing complexes, Eastman Towers and Bixby Apartments. The converted vouchers are attached to substantially rehabilitated residential units as described in the Sheldrake Corporation's response to the City of Poughkeepsie's Request for Proposals for Project Based Vouchers. The City has no intention, at this time, to create any additional Project Based vouchers as authorized under Section 232 which includes existing units

Both privatized buildings are located in low-income areas of the City. Eastman is located at the intersection of Montgomery and Market

Streets, a neighborhood which includes the local YMCA and Adriance memorial Library. Bixby Apartments is located at Charles Street near the corner of South Clover Street, one block from the Poughkeepsie Train Station and on the border of the River district. The agreement of the City to provide unit based assistance has enabled the existing tenants to continue to reside in affordable housing units that have been substantially rehabilitated.
