STARK METROPOLITAN HOUSING AUTHORITY AGENCY PLAN

Executive Summary

Purpose

On February 19, 1999, HUD issued regulations implementing provisions of the Quality Housing and Work Responsibility Act of 1998 (QHWRA). These regulations required each Public Housing Authority (PHA) to develop a Five-Year Plan with a statement of its Mission, Goals, and Objectives. QHWRA also required PHAs to prepare an Annual Plan with a statement of housing needs of the lower income population in its community, along with the strategies, policies and resources to be used in addressing those needs. According to QHWRA, the Five-Year Plan and Annual Plan are to be developed in consultation with PHA Public Housing and Section 8 residents. These plans are also to be offered for review and comment by the public. Finally, the goals and major activities of Five-Year and Annual Plans are to be consistent with key housing-related objectives identified in the Consolidated Plans of the governmental unit(s) within the PHA's jurisdiction. The Stark Metropolitan Housing Authority (SMHA), a public housing authority, is subject to compliance with the planning requirements of QHWRA.

Background

During the period of July - December 2004, the SMHA engaged in a collaborative planning process resulting in drafts of the Five-Year and Annual Plans. Public Housing and Section 8 residents, officials from local government, human service agencies, non-profit housing organizations, and other SMHA partners participated in focus group sessions to identify the critical housing and related needs of lower income families in Stark County. These individuals and organizations also proposed strategies for improving the living conditions of these families. Through their participation and input, these stakeholders helped the SMHA refine its mission and affirm the identity of the primary customers. They also helped the SMHA devise its approach for carrying out that mission through the provision of affordable housing, creation of quality neighborhoods, and facilitation of appropriate supportive services.

Drafts of the plan were shared with the stakeholders and meetings were held with the Resident Advisory Board as well as with other interested organizations to review the drafts. The SMHA also complied with the mandatory requirement for the public review and comment process along with the public hearing. The attached document represents the Agency Plan (including the Five-Year and Annual Plans) of the Stark Metropolitan Housing Authority which has been refined as a result of the considerable review and comment process.

Challenge Statement

The SMHA's service area encompasses the jurisdictions of Stark County Government and the City of Canton. Both governmental units are CDBG Entitlement Communities and therefore required to develop, and regularly update, Consolidated Plans. Based on the data and conclusions contained in the current Consolidated Plans for those governmental units, the key housing-related challenges faced by lower income families are:

1. Limited supply and locations of affordable housing for Extremely Low- and Very Low-Income families;
2. Limited availability & accessibility of affordable housing for the elderly & disabled;
3. Limited availability of affordable homeownership opportunities for Low-Income families.

In addition to data and conclusions contained in the Consolidated Plans, the SMHA and its partners identified several obstacles to the provision of affordable housing. They included, but were not necessarily limited to:

1. Lack of land zoned for multi-family housing;
2. Lack of public support for affordable housing development;
3. High cost of housing development; and

Lower income families, especially those, who are current and potential recipients of SMHA program benefits, were determined to have non-housing challenges that impact their ability to obtain suitable quality housing. Among those challenges and obstacles are:

1. High unemployment due to a lack of job skills and job preparedness;
2. Lower levels of educational attainment;
3. Low wages; and
4. High level of dependence on federal assistance.

Mission, Goals, Strategies

The mission of the SMHA is to *"provide eligible residents of Stark County with quality affordable housing in decent, safe, and nourishing neighborhoods. By working in partnership with the public and private sectors, the SMHA provides families with housing choice and the opportunity to achieve self-sufficiency."* This mission is to be accomplished through the development of affordable housing, ensuring equal opportunity in housing, promoting self-sufficiency, and improving the quality of life for lower income residents.

Affordable Housing

Consistent with HUD's Strategic Goal of "*Increasing the availability of decent, safe and affordable housing in American Communities*", the SMHA will develop 116 units of affordable housing. Rental housing will be targeted to the extremely low- and very-low income families, while homeownership opportunities will be created for low-income families. Housing opportunities for the elderly and disabled will also be created.

The SMHA will accomplish its related goals through the creation of public/private partnerships to facilitate affordable housing development. It will identify and pursue non-traditional sources of funding for these housing activities and utilize mixed-income and mixed-finance approaches where feasible.

Key activities to be undertaken in this plan include creating the capacity to effectively engage in housing development, the formation of partnerships, and identification of affordable housing development opportunities.

Equal Housing Opportunity

With respect to HUD's strategic goal of "*Ensuring equal opportunity in housing for all Americans*", the SMHA will seek to facilitate affordable housing opportunities in areas outside of those with concentrations of low-income families. This includes expanding housing options for Section 8 program participants as well as developing affordable housing outside of areas of low-income concentrations.

The SMHA will accomplish several of its related goals through the use of education and public information as the primary strategy. By creating a better-informed general population and a more knowledgeable group of program recipients and potential housing providers, resistance and obstacles to dispersed affordable housing can be reduced. The implementation of new policies will be the primary method of accomplishing deconcentration in public housing.

Activities will focus on identifying targets for the public information and education effort, developing outreach and education strategies, and forging partnerships to help with changing public perceptions of affordable housing and its recipients. Activities will also focus on implementing policies (i.e., income targeting, income-skipping, preferential transfers, etc.) to encourage income mixing in public housing.

Self-Sufficiency

The SMHA will address HUD's strategic goal of "*Promoting self-sufficiency and asset development*" of families and individuals by creating an environment where residents who want to achieve self-sufficiency will have every opportunity to do so. Utilizing existing and newly created partnerships to

offer an array of services, the SMHA will facilitate employment, training, and educational opportunities to program participants. Greater resident responsibility for work will be accomplished through implementation of policies and procedures that encourage work and reward success. Homeownership will be a vehicle through which asset development will be accomplished.

Activities will focus on the implementation of policies that encourage work, the assessment of supportive service/education/employment/training needs of residents, and modifications to existing programs to better meet those needs. Policies to be implemented include admissions preferences (for families that are working, going to school, or are in a training program), rent policies (income exclusions, flat rents), and community work requirements. Partnerships with service agencies will also be strengthened in the first year.

Quality of Life

Consistent with HUD's strategic goal of *"Improving quality of life and economic viability"*, the SMHA will plan and execute physical improvements, social improvements, and operational improvements resulting in an improved living environment and enhanced customer service.

The SMHA plans to accomplish the above goals through careful planning and execution of required capital improvements, utilization of partnerships to plan and initiate neighborhood improvements, and operational/administrative changes to enhance agency efficiency.

Activities will include property improvements, enhanced security, assessing the needs of elderly residents, assessing the SMHA organization in light of its goals and objectives, and identifying methods for improving the efficiency and effectiveness of its program delivery.

Conclusion

The SMHA's Five-Year Plan and the Annual Plan have the broad support of the resident, human service and non-profit community. Additionally, the SMHA's mission, goals and objectives are consistent with the needs and priorities expressed by local government in their Consolidated Plans. The Five-Year/Annual Plan was prepared with a high level of community involvement and input, and the strategies resulting there from will help the SMHA stand out as a leader in affordable housing throughout Stark County.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units

- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase Section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
This activity is part of effort to achieve de-concentration and housing choice goals.
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
The SMHA is a member of the Consolidated Planning Committee. Our organization provides input through participation in the planning meetings and by providing housing statistics relating the demand for and supply of public housing and Section 8 assistance.
- Other (list below)
 1. Seek replacement of public housing units lost to the inventory, due to homeownership program, using Capital Funds.
 2. Preserve the affordable nature of units of subsidized housing in Stark County that are at risk of being moved from the affordable housing market.

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed-finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in

- Other: (list below)
The SMHA plans to increase the supply of accessible, affordable housing through housing development initiatives.

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

Affirmatively market to races/ethnicities shown to have disproportionate housing needs

Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units

2005 ANNUAL PLAN STARK METROPOLITAN HOUSING AUTHORITY OH018

SECTION 8 HOMEOWNERSHIP PROGRAM CAPACITY STATEMENT

The Stark MHA has developed a Section 8 homeownership plan.

The plan has provisions requiring participants to do the following:

The buyer must have a down payment of at least 3% of the purchase price of which at least 1% must come from the family's own resources.

The buyer must secure financing that is provided, insured or guaranteed by the state or Federal government; comply with the secondary mortgage market underwriting requirements; or comply with generally accepted private sector underwriting standards.

The authority has had a 5H homeownership program in place since 9/6/95 and have sold 55 homes to date. This experience will lend itself to the development and implementation of a Section 8 homeownership program.

2005 ANNUAL PLAN STARK METROPOLITAN HOUSING AUTHORITY OH018

COMMUNITY SERVICE REQUIREMENT PLAN

In accordance with HUD Notice PIH 2003-17, the Authority has reinstated the Community Service and Self-Sufficiency requirement. The Authority has several case managers that work with residents on self-sufficiency. These staff members will work with these residents to assess their skills, evaluate barriers to employment, set goals for personal development and use current networks to secure resources, etc. The top priority will be to involve the residents in 8 hours of self-sufficiency activities each month. In lieu of that, work assignments will be developed at the housing authority, volunteer community service, and other activities as defined in the QHWRA.

The authority has a memorandum of understanding with the Stark County Department of Job and Family Services regarding the Resident Self-Sufficiency program.

The resident, therefore, agrees to exercise common sense and common courtesy with respect to the other residents' right to peaceful and quiet enjoyment of the premises. If using common laundry facilities, it is strongly recommended that the pet owner run an additional wash cycle and clean out all filters before leaving the wash room.
14. After proper written notification (Appendix 4), management may require the removal of the pet from the premises on a permanent or temporary basis for the following causes:
 - a. Excessive pet noise or odor after being advised by management.
 - b. Unruly or dangerous behavior.
 - c. Excessive damage of the resident's apartment.
 - d. Repeated problems with the pet or any infestations.
 - e. Failure of the resident to provide for adequate care of his/her pet.
 - f. Leaving a pet unattended for more than the allotted time period.
 - g. Failure of the resident to provide adequate and appropriate vaccination of the pet.
 - h. Tenant's death, serious illness and/or refusal or inability to care for the pet.

The resident will be given an additional notice to remove the pet that shall contain a brief statement defining the violation of the pet rules, a requirement that the resident must remove the pet within forty-eight (48) hours of the notice and a statement that failure to remove the pet will result in the initiation of termination of the lease agreement.

- 15. In the event of an emergency, the pet owner gives permission for the removal of the pet from the premises immediately for serious problems including, but not limited to, the following:
 - a. Pet becomes vicious.
 - b. Pet displays symptoms of serious illness.
 - c. Pet demonstrates other behavior that constitutes an immediate threat to the health and safety of a resident, guest, staff member or other authorized person.

- 16. Pets not owned by the resident are strictly prohibited with the exception of specially trained service animals that assist persons having a disability. These pets are not required to meet the limitations as to size or number. However, all other aspects of these rules and regulations will apply.

- 17. "Pet sitting" is not permitted for any pet not already within the same development.

- 18. Residents will not feed or water stray or wild animals.

B. Birds

- 1. Birds must be kept caged within the resident's unit at all times.

- 2. Cages must be cleaned not less than twice a week. Waste must be disposed of in sealed trash bags and placed in the trash dumpster. Litter cannot be flushed down the toilet.

C. Fish

- 1. The aquarium shall not exceed twenty (20) gallons and shall be placed on a management-approved stand in a safe location within the unit.

- 2. Water damage to walls, carpets, flooring or the ceiling of the unit below caused by breakage or spillage of or from the aquarium shall be the responsibility of the tenant who shall be billed for repair costs, as required.

D. Other Animals

1. Animals of the rodent family (i.e. mice, hamsters, gerbils or a guinea pig, or a rabbit) must be kept caged at all times.
2. Cages must be kept clean. A thorough cleaning, not less than twice a week is recommended.
3. Any other issues such as noise, odor and behavior apply the same as for dogs and cats.

VII. NOTIFICATION POLICY

In the event that any pet owner violates these pet rules, management shall provide written notice of such violations as follows (Appendix 4):

A. Creation of a Nuisance

The owner of any pet which creates a nuisance upon the grounds or causes excessive noise, odor or unruly behavior shall be notified of such nuisance in writing by management and shall be given five (5) calendar days to correct such nuisance. Failure to comply may result in requiring the removal of the pet and/or termination of the pet owner's Dwelling Lease.

B. Dangerous Behavior

1. Any pet which physically threatens a resident, guest, staff member or other authorized persons within or on the development grounds shall be considered dangerous. SMHA shall provide written notification to the pet owner of the dangerous behavior and the pet owner shall have five (5) calendar days to correct the animal's behavior. It is the responsibility of the pet owner to correct the violation. Failure to comply may result in the removal of the pet and/or termination of the pet owner's Dwelling Lease. If the resident disagrees, they may request a formal hearing in accordance with the SMHA Grievance Procedure.
2. Any pet which causes physical harm to any resident, guest or other authorized person present upon the development grounds shall be immediately removed from the premises by management with written notice.

VIII. INSPECTION POLICY

- A. Management is given permission to enter the pet owner's unit for the purpose of inspecting if a signed written complaint is received by management, or if

management feels conduct or condition of the pet or pet owner warrants same. The inspection will be made during reasonable hours, after proper notice has been given to the pet owner (48 hours' notice). In an emergency situation, entry will be made immediately. Notice will be given to the pet owner at such emergency entry, giving the reason for such entry.

B. PET RULES AND REGULATIONS

AFFIDAVIT

I have read and understand the Pet Rules and Regulations of the Stark Metropolitan Housing Authority and agree to comply fully with their provisions. I understand that failure to comply may constitute reason for removal of my pet. Where required by management to remove my pet from the premises, I agree to effect such removal and understand that my failure to do so constitutes grounds for eviction.

2005 ANNUAL PLAN
STARK METROPOLITAN HOUSING AUTHORITY
OH018
PROGRESS REPORT

Planning area I – Increase the availability of decent, safe and affordable housing in the community

- A. Create the capacity to develop and operate a range of housing programs.

The nonprofit, Freed Housing Corp. is fully established and operational. The development of a long-range plan is in process.

- B. Develop 50 units of scattered site, family rental properties

Freed Housing has purchased 8 housing units that are duplexes. These units will be leased to Section 8 voucher holders and/or to generate funds for the nonprofit. No additional activities have taken place regarding this objective. We are continuing to explore potential funding sources.

- C. Develop 50 rental units for elderly and disabled persons

The housing authority has partnered with two local nonprofits to rehab a building that has 42 units of Single Room Occupancy units at Gateway. The authority is responsible for the rental assistance attached to this project. The housing authority, Freed Corp. and Lake Twp. Senior Center have been funded to develop 28 units of elderly housing under the Section 202 Supportive Housing for the Elderly grant program. Construction should begin in Spring 2005. Through the continuum of care grant process, the housing authority was funded to provide 40 units of Shelter Plus Care at the Canton YMCA for single, disabled men. The housing authority also has a plan to add 13 units of public housing to Constitution Hall in Louisville. Construction will begin in 2005. This will bring the total of new assisted rental units planned for the community to 123 units.

- D. Create 25 units for homeownership

The authority sold 12 units of public housing to residents. Freed Corp and the housing authority secured HOME funds and constructed 9 units in the city of Alliance. The authority also administered these funds for two additional units owned by local nonprofit agencies. The authority sponsored two homes with Habitat for Humanity that have been completed and sold. The Freed Corp. received HOME funds from Stark County to acquire five units for homeownership located in Perry Township. Also, the authority has facilitated the use of the \$1.00 HUD Home program to provide two homeownership units in partnership with Project Rebuild and one unit with Freed Corp. Freed Corp has also purchased two homes that will be rented and then sold to a Section 8 Voucher holder. To date a total of 34 units have been created for homeownership.

E. Preserve other affordable housing in the community

The Section 8 Director is tracking these contracts and communicating with local groups about alternatives. The authority administered replacement vouchers for Hillview Apartments that was taken over by HUD. The authority subsequently purchased Hillview apartments (56 units) at a foreclosure auction and the renovation of the property was completed in January 2004. SMHA also purchased Washington Towne Homes (38 units) with the Section 8 contract in effect. The mortgage was refinanced and funds obtained to do major repairs at the property. The authority has preserved 94 units of affordable housing in Canton and has substantially improved the quality of these properties.

Planning area II – Ensure Equal Opportunity in Housing for All Americans

A. Increase public and corporate awareness

The Executive Director and Deputy Director will assume the responsibility of public relations and public information activities. New brochures have been developed. The authority made a video with the Community Television Consortium that has been played on the cable station frequently. Time is allotted to participate in events and activities that increase interaction with community leaders. A positive relationship has been established with the press that has resulted in coverage of major projects. Fair Housing training was conducted with all Section 8 and Public Housing staff and also with the Section 8 landlords in 2003.

B. 20% Increase in use of Tenant Based Assistance in areas where incomes are above 50% of median

In the process of evaluating underutilization of vouchers, the Section 8 Director has taken steps to increase occupancy in nontraditional, higher income areas.

C. Reduce transportation barriers

Due to time and funding constraints, the survey will not be conducted. A tax renewal was on the ballot in spring 2002. The authority communicated with residents and the community about the need for public transportation. The levy was passed. We continue to make funds available through resident self-sufficiency programs to address barriers due to transportation. The SMHA Credit Union also offers automobile loans, so residents can purchase vehicles.

D. Deconcentration in public housing developments

The authority has completed its assessment and is implementing policies to correct deficiencies. An updated software package was installed in November 2001 that has given us the capacity to track information needed to reach this goal. Due to economic trends in the community and the composition of the SMHA waiting list, we have not reached this goal to date. In addition, higher income residents have been successful in moving to the private market and in purchasing homes.

Planning Area III – Promote Self Sufficiency and asset development of families and individuals

A and B – Resident education and employment

The revisions in the ACOP tenant selection policies have been implemented. The authority received additional funding from the ROSS grant to continue the REAP program. The community service requirement plan has been revised and will be implemented according to the new schedule.

C. Enable 75 beneficiaries to become homeowners

The Section 8 homeownership plan has been written and approved. Eleven voucher holders have purchased property under the program. An SMHA employee has been certified by HUD to conduct homeownership training and the courses are ongoing. On 3/27/2003 the housing authority was certified by HUD as a housing counseling agency. Since 200, 184 individuals have completed group housing counseling and 304 entered one on one counseling for credit repair, money/debt management, pre-purchase, post purchase and delinquency/foreclosure. As a result, 10 public housing residents purchased homes, and 11 voucher participants purchased homes. Fifty Section 8 voucher participants are in the process of preparing for purchase and five of them should close by the end of 2004. Counseling has also been done with ten homeowners to assist them in refinancing, money and debt management, etc., so they can keep possession of their homes. Ten families were successfully assisted in keeping their homes.

D. Enable 100 families to end dependence on public assistance

The REAP program has continued. The authority has been funded for the ROSS grant 2001 and will continue to expand the program. As of the last reporting period, there were 308 participants enrolled in the case management self-sufficiency program. Of that number 213 are currently employed. A total of 141 participants have been employed one year or more. The credit union has 982 members and has made a total of 320 loans. Approximately one-third of the loans are for vehicles. The ATM service is now operational.

Planning Area IV – Improve the quality of life and economic viability

A. Improve physical condition of SMHA units

Due to time and funding constraints, the survey will not be completed. The authority has implemented a more stringent inspection process. Deficiencies have been identified and work completed. The REAC Inspection Score improved by 10 points from 80 in 2001 to 90 in 2002. As a result, no inspection was required in 2003. In 2004, under the full scoring process, the housing authority scored 83. Major renovations are included in the 5-year capital improvement plan. The renovation of 99 units of family housing in the City of Alliance was completed in 2004.

B. Increase the level of community satisfaction in neighborhoods containing public housing

While much of the work done by the authority has a positive impact on the surrounding community, no specific work has been completed for this goal. However, we are considering partnering with several nonprofits to do acquisitions and rehab on a limited scale in declining neighborhoods in the City of Canton.

C. Increase level of elderly satisfaction

Due to time and funding constraints, the survey will not be completed. The authority is planning to develop a senior center for the Canton community. It will be located in

Downtown Canton in a building that requires substantial renovation. Many capital improvements have been completed at the sites. Due to the local housing market conditions and the composition of our waiting list, we have decided not to implement a plan to designate Metropolitan Arms as elderly only at this time. We have also applied for a grant to fund a program to coordinate the provision of social services to our elderly residents. We continue to have the nutrition program, clinics, and homemaker services for our senior residents. We should know if the grant was successful by December 2004.

D. Increase economic viability of the SMHA

The authority has implemented cost savings for utility consumption such as negotiating a reduced rate for gas, installing energy efficient appliances, inspecting furnaces and replacing as needed, etc. The authority is investigating alternative contracts for water and trash hauling. A committee was established to discuss cost controls and measures were implemented. Resident self-sufficiency programs are ongoing to increase rental income. The authority and Freed Corp have submitted several grant proposals during the past eighteen months and have been funded for several programs. The grant writing program will be enhanced. Also, the authority purchased two multi-family rental properties that will eventually become income producing properties.

E. Improve Employee Performance

Staff training is ongoing. Besides individual training activities, all public housing staff has received the manager certification training. Supervisors had training on performance evaluations and discipline. The performance evaluation form has been revised. The upgrade of the computer system was completed in November 2001. Staff attended training on the new software as well as other computer program training. A hands-on maintenance training program has been developed and implemented. The Section 8 staff and the public housing staff attended training on rent calculations. A quality control program remains in place for the Section 8 program and a new program was initiated for public housing. Several revisions have been made in the organizational structure to increase efficiency. Future training sessions will include customer service and additional training for supervisors. Job descriptions will be evaluated on an ongoing basis. The process of revising policies and procedures has been started and is ongoing.

- 1) ACOP changed to include preferences for working families;
- 2) ACOP changed to include preferences for families whose adult members are enrolled in educational, training, or upward mobility programs;
- 3) Working in partnership with job training, education, and supportive service agencies, facilitate activities that promote employability and employment;
- 4) Targeted investment and capital improvements.

These actions are consistent with the strategies identified in SMHA Annual Plan.

VOLUNTARY CONVERSION ASSESSMENT

As per the requirements set forth in Voluntary Conversion of Developments, 24 CFR Part 972, Final Rule 6-22-01, Stark MHA is required to certify, based upon review, whether the conversion of PHA developments from site-based assistance to tenant-based assistance is an appropriate action for the authority to take. The authority has done an assessment of all of our properties by reviewing occupancy rates, appraised values and PHAS scores for physical inspections. Based upon this information, Stark MHA certifies that none of our public housing properties are appropriate for conversion at this time.

SECTION 8 PHA PROJECT-BASED VOUCHERS

The Stark MHA solicited proposals in 2002 with the intention of project-basing a total of fifty (50) vouchers. SMHA received 3 proposals and we were prepared to implement all of them. However, all three locations were in high poverty areas and required waivers before they could be implemented. One of the three nonprofits applied for the waiver and the request was denied. We are currently at full occupancy on the voucher program. We will not be soliciting any proposals this year.
