B. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families on the PHA's public housing and Section 8 waiting lists **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by: Inadequate funding of HCVP makes it impossible to consider many of these strategies. Inadequate funding will make it very difficult for PMHA families to lease good quality housing.

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction. (PMHA has been forced to lower payment standards due to inadequate funding.)
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required. (Inadequate funding.)
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration. (Inadequate funding.)
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)
 1. Develop a 32 unit senior housing project utilizing LIHTC funding in partnership with Buckeye Community Hope Foundation. Construction completed by July, 2006.
 2. Develop four units for mentally ill using funding from Ohio Housing Finance Agency. Construction completed by October, 2004.
 3. Develop 12 units of Section 8 rental assistance.
 4. Develop 1 three-bedroom handicapped accessible unit for MR/DD clients.

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available. (Do not have sufficient funding for current vouchers.)
- Leverage affordable housing resources in the community through the creation of mixed - finance housing

- Pursue housing resources other than public housing or Section 8 tenant-based assistance. (See Strategy 1. Other)
- Other: (list below)

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)
PMHA has been funded far below actual cost for HCVP. This makes it more difficult to serve low-income families who require higher HAP payments.

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)
Preference points given to elderly in ACOP.

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)
PMHA maintains ten units for MR/DD, and is constructing four units for mentally ill.

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations. (Lower payment standards will make this strategy impossible.)
- Other: (list below)

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- Funding constraints
- Staffing constraints

- Extent to which particular housing needs are met by other organizations in the community

RESIDENT COMMENTS

The Pike Metropolitan Housing Authority (PMHA) makes every effort to obtain client input into the Annual Plan process.

For the 2005 Annual Plan PMHA utilized a current tenant to conduct in depth interviews of twenty (20) residents. Ten (10) residents from each public housing project were interviewed.

One important component of the survey included physical improvements tenants would like to see completed. Responses were as follows:

- Laundry hook-ups or utility rooms in apartments (Moore Meadows, 9 responses)
- Dishwasher (2 responses)
- Sidewalks (2 responses)
- Lighting in bedrooms/living rooms (5 responses)
- Improve playgrounds, mulch, lighting (7 responses)
- Replace carpet (2 responses)
- Replace tile in kitchens
- Better lighting around playgrounds and other areas (5 responses)
- Improve steps in living room
- Improve basketball court.
- Walkway to dumpsters.
- Flooding behind Apt. 7 to 12.
- Peep holes in doors (2 responses)
- Fix fence (2 responses)
- Shrubs replaced, landscaping (2 responses)
- Park benches
- Replace toilets, showers and tubs
- Screen doors
- Replace furnaces
- Door bells
- Parking lot lines
- Front porch

In the area of preferences for occupancy the following responses were received:

- Stay as is and add homeless and domestic violence victims.
- I would favor a system without preferences except for homeless.
- I would not recommend domestic violence.

There were 12 of the 20 respondents that recommended adding homes to those who receive preference. Many of these felt they should be at the top of the list.

Most were satisfied with the other preferences currently utilized by PMHA.
The biggest problems identified by tenants were:

- Unsupervised children (16 responses)
- Head lice (3 responses)
- Driving too fast in parking lot
- People “bumming” (2 responses)
- Firearms
- Trash is a big problem

Unsupervised children were clearly identified as the biggest problem in public housing. Sixteen (16) of the twenty (20) respondents listed this as the biggest problem.

The survey indicated that tenants feel very positive about maintenance staff and services. Responses included:

- They’re always there when I need them.
- I had a problem with a gas leak and they were right here.
- They are always nice and polite.
- They’re always here within a short time of me calling.
- When stove caught on fire they were right here.
- All but one is polite.
- Polite and helpful but not always prompt.
- They are prompt and polite.
- When I had a problem, they were there the next day.
- They’re polite but not prompt, and do not get stuff done until 3 or more days after a report.
- They worked on my gas line on the weekend.
- I had a problem with my bathroom and it took them a week to come and fix it. Other times they have been prompt.
- In the winter my heater was only blowing cold air, and when I called they were here in a matter of minutes.

Most residents indicate that they feel safe in their neighborhoods. Some negative responses were:

- I felt safe until my new neighbor moved in (2 responses)
- It’s not safe because too many people are thieves, and one person is stalking me.
- I feel safe but there are a lot of thieves.

However, sixteen (16) of twenty (20) respondents indicated they feel very safe.

Tenants indicated that there are no serious drug issues in their neighborhood.

However, one particular apartment was named as a source of drug activity.

PROGRESS REPORT

The Pike Metropolitan Housing Authority has met or exceeded many of its goals established in its first five-year plan that ends as of December 31, 2004.

One of the goals was to manage PMHA’s existing public housing program in an efficient and effective manner thereby qualifying as at least a standard performer. PMHA has been rated as a high performer the last three consecutive years.

PMHA sought to reduce crime in its developments to a level not to exceed surrounding communities. PMHA has been very aggressive in screening applicants, and is dealing with on-going criminal activity. Despite the disintegration of the local Piketon Police Department. PMHA’s public housing developments are among the safest in Ohio. Our tenant survey indicated that over 82% of PMHA’s tenants feel safe.

PMHA sought to extend the range of housing choices available to participants. PMHA has increased the number of vouchers available in our jurisdiction from 423 to 525, a 24% increase. PMHA has consistently maintained lease-up rates in excess of 98%, and has maintained High Performer status despite the many challenges and changes in the Housing Choice Voucher Program.

Other housing choices made possible by PMHA include:

- PMHA is partnering with Buckeye Community Hope Foundation to construct a thirty-two (32) unit senior housing project in Waverly, Ohio. The State of Ohio awarded tax credits for this project as of July 1, 2004.
- PMHA is partnering with the Paint Valley Alcohol, Drug Addiction, & Mental Health Services Board (ADAMH) to construct four (4) housing units for individuals suffering from chronic mental health problems. These houses will be occupied by November 1, 2004.
- PMHA is partnering with the Pike County Board of MR/DD, and now maintains ten (10) houses occupied by MR/DD residents. PMHA is currently constructing a new handicapped accessible unit to be occupied by January 1, 2005.
- PMHA will be submitting a tax credit application to the Ohio Housing Finance Agency to establish a fifteen (15) unit project aimed at home ownership.

PMHA feels these activities have greatly increased the housing choices available to low-income residents of Pike County.
