**MUNICIPALITY OF RÍO GRANDE
UPFRONT INCOME VERIFICATION SYSTEM
(UIV POLICY)**

The municipality of Río Grande PHA's proposes an administrative plan to establish a policy to secure and include staff utilization of the Upfront Income Verification (UIV) information to verify the household income of program participants, in order to reduce income and rent errors attributable to unreported income and to increase accuracy and efficiency in determining family eligibility and computing rent calculations.

The municipality of Río Grande's PHA has been using and will continue to use all elements at hand or others that might be added in the future. Actually the six methods of verification acceptable to HUD are being used, that is:

1. The upfront verification TASS (PHA has register recently and will be verifying income through this method from July on).
2. Thirdparty written verification.
3. Agreements with federal, state, and local government agencies.
4. Third Party Oral Verification.
5. Review of documents.
6. Certification/self declaration.

**RÍO GRANDE'S PHA WILL PERFORM THE ACTIVITY (UIV) IN
THE FOLLOWING MANNER**

Upfront Income Verification:

The PHA will use upfront income verification tools, including TASS (July,2005 on).

When HUD announces the availability of the UIV system for our PHA, we will utilize additional UIV tools.(Already Register).

Use of Third Party Verification to Supplement Upfront Income Verification:

Upfront income verification will replace, to the maximum extent possible, the more time consuming and less accurate third party verification process of contacting individual employers identified by families or reviewing outdated income verification documents. However, Río Grande's PHA third party verification may continue to be necessary to complement upfront income verification. Upfront income verification will not be considered an automatic substitute for other third party verification. Rather, upfront income verification may supplement other verification documentation, such as original, current tenant provide documents.

Third Party Written Verification:

Third party verification will be used to verify information directly with the source.

Third party written verification forms will be sent and returned via first class mail. The family will be required to sign an authorization allowing the information source to release the specified information.

Two attempts to obtain third party verification will be made before relying on another method.

Verifications received electronically directly from the source will be considered third party written verifications.

Third party verification forms, including computerized printouts, will not be hand carried by the family under any circumstances. The PHA will send requests for third party written verifications to the source at all times regardless of whether the family provides a computerized printout.

The PHA will allow six weeks for returns of third party verifications.

If third party written verification is not used, the PHA will document the reasons in the file.

Verifications will be valid for 90 days from date of receipt.

Third Party Oral Verification:

Oral third party verification will be used when written third party verification is delayed or impossible. When third party oral verification is used, staff will be required to complete a Certification or Person Contracted form, noting with whom they spoke, the date of the conversation, and the facts provided. If oral third party verification is provided by telephone, the PHA must originate the call. If third party verification is not available, the PHA will compare the specified information to any documents by the family.

Self Certification /Self Declaration:

When information cannot be verified by a third party or by review of documents, families will be required to submit a self certification.

Self certification means a notarized statement signed under penalty or perjury in the presence of a witness.

The PHA will allow up to two weeks for a family to provide a self certification or self declaration if other forms of verification are impossible to obtain.

Documents to be Reviewed

In the event that third party written or oral verification is unavailable or information has not been verified by a third party within four weeks, the PHA will annotate the file accordingly and utilize documents provided by the family as the primary source if the documents contain complete information.

All such documents, excluding government checks, will be photocopied and retained in the family file. When documents cannot be photocopied, staff viewing the documents will complete a Certification of Document Viewed or Person Contracted form.

The PHA will accept the following documents from families providing that tampering can be easily noted:

- Printed wage stubs
- Signed letters (provided that the information is confirmed by phone)
- Other documents identified by PHA as acceptable verification

The PHA will accept faxed documents.

The PHA will not accept photocopies.

If third party verification is received after documents have been accepted as provisional verification and there is a discrepancy, the PHA will contact the third party source and the family to resolve differences.

The PHA will allow up to two weeks for families to provide documents when third party verification is impossible to obtain.

The PHA will not delay the processing of an application beyond 45 day because a third party information provider does not return verification in a timely manner.

Self Certification – Self Declaration

When information cannot be verified by a third party or by review of documents, families will be required to submit a self certification.

Self certification means a notarized statement signed under penalty or perjury in the presence of a witness.

The PHA will allow up to two weeks for a family to provide a self certification or self declaration if other forms of verification are impossible to obtain.
