9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan, 2000-2005)

1. Goal – Expand the supply of assisted housing –

The Rockwood Housing Authority (RHA) entered into a Partnership with the Crossville Housing Authority to build 36 units of elderly housing. The units were successfully built and are currently fully occupied. We exceeded our original goal.

2. Goal – Improve the quality of assisted housing -

The RHA has met its goal to increase customer satisfaction, as measured by the PHAS score. We have consistently maintained high performer status. We have achieved a score of 95 in both 2003 and 2004.

We have also focused our efforts to improve management functions. We determined that it was financially feasible to contract out mowing maintenance services. This was achieved prior to the 2004 goal completion date.

The RHA is continually upgrading its public housing units. With the inception of the Capital Fund Program, we are now able to better plan and implement improvements.

3. Goal – Increase assisted housing choices –

The RHA continues to make local referrals to encourage public housing resident homeownership opportunities.

The RHA pursued the feasibility of implementing a rent-to-own homeownership program. It was determined that there is currently no interest from residents. The majority of our residents are elderly.

4. Goal – Provide an improved living environment –

The RHA continues to promote the deconcentration of poverty or income mixing. The lower flat rents have helped us achieve this goal.

The RHA will continue to coordinate drug and crime prevention efforts with the local law enforcement officials. Police provide on-going crime data to the RHA for analysis and action. We have improved the Neighborhood Watch Program, added security doors, and installed additional security lighting.

The RHA targets at-risk youth and adults in the various on-going activities. These efforts have had a positive influence on the residents, and are helping to assure the safety of the public housing residents.

The RHA has also improved medical access and resident services. We partner with agencies such as Mid-East Community Action Agency, and East Tennessee Human Resources Agency (ETHRA) to provide transportation for residents.

5. Goal – Promote self-sufficiency and asset development of assisted households –

The RHA continues to promote self-sufficiency through in-house activities and policies, as well as the coordination of services and activities offered by local agencies. We have conducted employment and budgeting counseling in the past. The RHA offers a computer lab and training as well.

The implementation of our Deconcentration Plan, and the provision of preferences for employed residents and those participating in training and educational classes has increased the percentage of employed persons.

6. Goal – Ensure equal opportunity and affirmatively further fair housing –

The RHA continues to operate its public housing program to ensure equal access to all regardless of race, color, religion, national origin, sex, familial status and disability. Our advertisements in the local newspapers illustrate equal opportunity and housing for all.

Our inspections, maintenance and modernization programs are spread equally among all of our developments.

We provide staff and resident training to ensure equal opportunity in housing. We have taken the Resident Council, Resident Advisory Board, and Staff to TAHRA and SERC meetings for training. Staff also attends regional training at the HUD Office. Our computer labs (11 computers) are equipped with internet to enable residents' access to the HUD website.
