## CERTIFICATION OF VOLUNTARY CONVERSION OF PUBLIC HOUSING DEVELOPMENTS

**February 10, 2005**

The South Pittsburg Housing Authority hereby certifies that it has:

- Reviewed the following development's operation as public housing:
  - TN037-01
  - TN037-02
  - TN037-03
  - TN037-04
  - TN037-05
- Considered the implications of converting the above public housing developments to tenant based assistance; and
- Concluded that conversion of the development will be inappropriate because removal of the developments will not meet the necessary conditions for voluntary conversions since:
  - 1) Converting to tenant based assistance will be more expensive than continuing to operate the developments as public housing; and
  - 2) Converting to tenant based assistance will adversely affect the availability of affordable housing in south Pittsburg, TN.

### **SOUTH PITTSBURG HOUSING AUTHORITY DECONCENTRATION POLICY**

1. The objective of the Deconcentration Policy for the PHA is to achieve the goal that families are housing in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development or census tract. The PHA will take actions as necessary to achieve the goal that no individual development has a concentration of higher income or lower income families. To ensure that the PHA does not concentrate families with higher or lower income levels in any one development, the PHA will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the PHA's computer system.
2. The PHA will periodically compare the relative incomes of its developments to the relative incomes of the census tracts in which they are located. Where significant differences are identified, income targeting will be applied.

#### **INCOME TARGETING**

1. To accomplish the Deconcentration goals, the PHA will take the following actions:
  - A. At the beginning of each fiscal year, the PHA will establish a numerical goal for admissions of families whose incomes are at or below 30 percent of the area median income. The target annual goal will be calculated by taking 40 percent of the total number of move-ins from the previous PHA fiscal year.
  - B. The PHA will limit the number of admission to ensure that not less than 40 percent of admissions are families that have incomes at or below 30 percent of area median income.
  - C. The PHA will skip families on the waiting list or skip developments to accomplish these goals.
2. The PHA will not hold units vacant to accomplish these goals.
