[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004.)

The Three Rivers Housing Authority has advertised when necessary in an effort to reduce public housing vacancies. The Housing Authority maintains a waiting list that provides sufficient occupants for the family apartments, though the ability to keep the elderly apartments occupied continues to be difficult.

The Housing Authority has successfully completed Capital Fund Program funded improvements on the apartments in a timely manner. The improvements to the apartments have been helpful in keeping occupants and attracting prospective clients.

The Housing Authority has not implemented measures to deconcentrate poverty by bringing higher income public housing households into lower income developments because there are not any developments that can be classified specifically as lower income developments. The Housing Authority does not have an extensive pool of clients to choose from and therefore accepts any family who can qualify as a renter without preference to income. The Housing Authority has improved security by improving lighting around the properties, installing fencing and working closely with the local police patrols.

The Housing Authority has promoted self-sufficiency by notifying non-working residents of employment possibilities at local companies and of educational opportunities in the area. The Housing Authority maintains a high level of eligible employed residents.

The Housing Authority of the City of Three Rivers continues to maintain equal access to assisted housing regardless of race, color, religion, national origin, sex, familial status and disability.
