ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

This is the Annual Plan for the Housing Authority of the city of Crockett. The Housing Authority's fiscal year begins April 1, 2005.

The Crockett Housing Authority administers 280 units of Public Housing. Out of the 280 units we have 28 zero bedrooms, 90 one bedroom units, 86 two bedroom units, 64 three bedroom units, and 12 four bedroom units.

A Board of Commissioners, consisting of five members appointed by the Mayor, oversees the agency. The agency was established in 1963.

The Housing Authority extends its roll beyond housing assistance and develops programs, which provides economics self-sufficiency to the families it serves. The Housing Authority strives to affirmatively further fair housing and deliver the programs in a way that all those served are treated equally with dignity and respect.

The Housing Authority plans to expand the supply of assisted housing by reducing the number of vacancies of its developments. The current vacancy rate will be reduced by 15 percent over the next

5 years; thus providing housing assistance to a greater number of low income families.

The Housing Authority plans to improve the quality of assisted housing by renovating and modernizing 85 percent of the Housing Authority’s Public Housing units. This in return will also decrease the vacancy rate for the Housing Authority.

The Housing Authority further intends to increase the number of working families residing Public Housing units. We will accomplish this through a combination of rent incentives, working preferences, and by working closer with social service agencies to provide job training and employment opportunities.

STATEMENT OF PROGRESS IN MEETING 5-YEAR PLAN
MISSION AND GOALS

The Crockett Housing Authority Staff is taking great strides to improve the quality of living for their residents. We are making an attempt to reduce vacancy and down time of units. This has been done through preventive maintenance. By using the Annual and Five Year Plan we are trying to budget the Capital Funds money and rehab all the units over a five year period, by utilizing the Capital Fund money for all the Housing Authority sites every year, for the next five years. We are also using the money for site improvements to improve the appearance of the Housing Authority sites. By doing this it will increase the quality of living for the current and future residents of the Housing Authority.
