PHA Goal: Improve the quality of assisted housing

Objective: Improve voucher management by achieving and maintaining a SEMAP score of no less than 80.

Progress: The City has maintained a high performer rating since fiscal year 2000-2001.

PHA Goal: Increase assisted housing choices

Objective: Provide voucher mobility counseling to 100% of participants

Progress: Mobility counseling is provided to every voucher holder during briefing. 100% of participants receive mobility counseling.

Objective: Conduct outreach efforts to potential voucher landlords

Progress: Outreach efforts are ongoing throughout the year. Special outreach efforts are conducted to recruit participation in special purpose voucher programs to explain the purpose of the vouchers. Presentations are made to the local apartment associations annually as well as local fair housing fairs.

Objective: Increase voucher payment standards- review payment standards annually and increase as needed to assure participant's competitiveness in rental market

Progress: This has been achieved annually resulting in a high success rate of voucher holders successfully leasing up.

PHA Goal: Provide an improved living environment

Objective: Provide information to families on housing options outside high poverty areas- increase number of families moving to low poverty census tracts by 3% annually.

Progress: The per cent of families with children who moved to low poverty census tracts ranged from 34% to 24% annually during the five year period.

Objective: Assist those families in the most critical housing situations by using local preferences in selecting families from the waiting list

Progress: The local preferences were eliminated effective 7/1/02 after consultation with local advocacy groups, service providers, the public and the tenant advisory board.

PHA Goal: Promote self-sufficiency and asset development of assisted households

Objective: Increase the number and percentage of employed persons in assisted families by 5% annually

Progress: Currently, 36% of households have members who are employed compared to 33% last year. This percentage has not fluctuated much during the past five years.

Objective: Provide or attract supportive services to improve assistance recipients' employability

Progress: The City has established successful working relationships with local service providers, educational facilities, and non-profit agencies with whom we collaborate and coordinate services.

Objective: Other: Recruit families for participation in the Family Self-Sufficiency Program to maintain 100% minimum required enrollment.

Progress: Minimum enrollment was exceeded for FY 00-01 and 01-02. The program became completely voluntary in FY 02-03 with a target enrollment of 50. Current enrollment is now 42.

PHA Goal: Ensure equal opportunity and affirmatively further fair housing

Objective: Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion, national origin, sex, familial status, and disability

Progress: Special outreach efforts are made to low income areas through neighborhood meetings, participation in school fairs, Senior Fairs, and fair housing symposiums. Fair Housing material is included at all landlord/owner presentations. A local Fair Housing brochure was developed in English and Spanish and is included in all briefing packets given to participants in the City's housing programs.

Objective: Undertake affirmative measures to provide a suitable living environment for families living in assisted housing regardless of race, color, religion, national origin, familial status, sex, and disability

Progress: Families are encouraged to search city-wide for suitable housing. They attend a briefing where information is provided on low-poverty census tracts. The City has developed maps, lists of employers, child care facilities and schools which help families make a decision on a suitable neighborhood which meets their needs.

Objective: Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required

Progress: The City has successfully applied for Mainstream Vouchers to assist both elderly and non-elderly . The City was awarded 50 Mainstream vouchers in 2001 to assist non-elderly families with a disabled head of household and an additional 50 vouchers in 2003. The City maintains a list of rental units which are fully or partially barrier free to assist in the housing search. The City also has established working relationships through the Mainstream Programs with non-profit agencies who serve the disabled and assist in the housing search, case management, supportive services and with necessary modifications as needed.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

- a. Substantial Deviation from the 5-Year Plan
Addition or deletion of Strategic Goals or the deletion of one or more objectives.
An addition of an objective is not a substantial deviation of the Plan.

- a. Significant Amendment or Modification to the Annual Plan
Changes to rent or admission policies
Changes to the organization of the waiting list

C. Other Information

[24 CFR Part 903.13, 903.15]

(1) Resident Advisory Board Recommendations

- a. Yes No: Did the PHA receive any comments on the PHA Plan from the Resident Advisory Board/s?

If yes, provide the comments below:

There were no negative comments. After the staff explained the changes in the way the Voucher Program was now funded and the impacts this has had on the program locally, the members understood the reasoning behind many of the proposed policy changes.

The Board agreed with the change to require participants to report any and all increases in income rather than just significant increases. The elimination of the delay in implementing an increase in tenant rent for those going to work for the first time was also approved as a money saving policy. This was implemented originally as an incentive to motivate participants to seek employment but the program can no longer afford to delay increasing tenant rent.

The Advisory Board was very supportive of implementing the minimum tenant rent of \$50. One member had recently lost her job and stated that she could baby sit or do something to come up with the money. All agreed that it would provide an incentive for those who were not working to seek employment. They understood the rent could be set between \$0 and \$50 and agreed that it should be set at \$50. None felt that was excessive, especially with the protection of the hardship exemption built in to the regulation.

Changes in eligibility for the Homeownership Program now include participation in the Voucher Program for a minimum of a year, steady employment of two years, and unless elderly or disabled, participation in the FSS program. These changes were made to assure a pool of better-qualified and more serious participants. The Board supported these changes and realized stated that it is going to be a lengthy process for most families to become ready for homeownership.

b. In what manner did the PHA address those comments? (select all that apply)

- Considered comments, but determined that no changes to the PHA Plan were necessary.
- The PHA changed portions of the PHA Plan in response to comments
List changes below:
- Other: (list below) The Advisory Board supported the Plan.

- The PHA has less than 300 public housing units, has provided reasonable notice to the resident advisory board of the opportunity to serve on the governing board, and has not been notified by any resident of their interest to participate in the Board.
- Other (explain): The Section 8 Programs are administered by the City of Amarillo's Community Development Department.. There is not a public housing authority in Amarillo and there are no public housing units. The governing board for the Section 8 Housing Voucher and Mod Rehab Programs are the Mayor and City Commission who are elected officials. Section 8 Homeownership Capacity Statement

The City of Amarillo's capacity to administer the Section 8 Homeownership Program is demonstrated by the requirement that financing for purchase of a home under the program must be provided, insured or guaranteed by the state or Federal government and comply with secondary mortgage market underwriting requirements. This requirement is stated in the City's Administrative Plan.
